ne matter of an industrial dispute existing between The Empire Bone Mills, Bansbati, Hooghly, under the management of Messrs. B. N. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, District Judge, Industrial Tribunal.

he Union: Shri P. K. Sanyal, Advocate, instructed by Shri N. K. Roy, Pleader and Shri N. K. Bhattacharyya, Secretary of Empire Bone Mills Labour Union.

the Company: Shri S. C. Chakravarti, Advocate, instructed by Mr. E. Ezra of Messrs. Victor Moses & Co., Solicitors.

By Government order No. 1962Dis./D/11L-79/52, dated the 23rd 1952, the aforesaid dispute has been referred to me for adjudication r sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). Fifth Industrial Tribunal was constituted under notification No. ab., dated the 9th June 1952.

The reference was received here on 26th July 1952. Usual notices issued. The Union filed written statement on 13th August 1952. The pany filed written objection on 27th August 1952. An amendment of Order of Reference in the shape of an addendum No. 2723Dis./D/11L-2, dated the 8th October 1952, was received on 13th October 1952. A ementary written statement was filed by the Union on 25th October Objection thereto was filed by the Company on 5th November 1952. ase was taken up for hearing on 10th November 1952. It continued. evidence was concluded on 22nd November 1952. Arguments were on 4th December 1952 and 5th December 1952. The award was reserv-

3. The issues contained in the schedule to the Order of Reference sta as follows:—

1. Is the Company's action in putting one hundred and twe men on involuntary unemployment from 10th July 1952 justified a legal in view of the agreement, dated 17th March 1952, reached betw the parties through conciliation proceedings? If so, what should be involuntary unemployment benefit for the workers concerned and w should be the period of involuntary unemployment? If not, what re the workers are entitled to?

2. To what relief those of the sixty-seven workmen who were on involu tary unemployment and who were not employed in terms of the agr ment, dated the 17th March 1952, are entitled and how long involuntary unemployment of the sixty-seven men will continue?

AWARD.

4. The consideration of the issues is prefaced by a short history of events leading up to the present dispute. According to the Union management has been averse to the formation of the Union ever since birth in 1948. Two awards were passed successively—one by Shri M. Banerjee in February 1949 and the other by Shri A. Das Gupta in A 1951. There was also another award by Shri A. Das Gupta in a proceed under section 33A of the Industrial Disputes Act, 1947, which was publis on the 29th March 1951. As a result of this the permanent cadre of w men in the said mills was fixed at four hundred and sixty-five. This awa however, was not implemented. The management, on the other hand, bent on retrenching a number of workmen. On the 5th February 1952 new disintegrator machine of the Mills broke down. On the morning the 6th February 1952 the other old disintegrator machine also went of order. The Company is said to have been not slow to turn to acc these incidents and issued notices of discharge. On the intervention of Labour Commissioner, this order of discharge, however, was commuted one of involuntary unemployment. Negotiations followed and on the March 1952 an agreement was reached between the parties. In spite of said agreement, the Company retrenched men now and then and also not give effect to the arrangement embodied in the said agreement to employ those laid off workmen. The conciliation proceeding was star While this proceeding was in progress, these one hundred and tw workmen were placed on involuntary unemployment on the 9th of J 1952. The Union challenges this move as illegal and unjustified and cla compensation for them from the 10th July 1952 up to date. In the sup mentary written statement in answer to the amended issue the Union included relief concerning sixty-seven workmen who were placed on involu tary unemployment on the 6th February 1952 as referred to above. Ou them 55 workmen have since been re-employed on the 28th July 1952 w the disintegrator machine has been set right. Compensation is clai from April 1952 to 22nd July 1952 in respect of the fifty-five workmen s re-employed. Full relief is claimed in respect of the twelve workmen s on involuntary unemployment.

The Company denies all these allegations set forth above. Its cont tion is that its trading position has considerably deteriorated since the awa of Shri A. Das Gupta. The foreign market has practically been cl down. The freight has increased. This depression reacted prejudicially the supply-price of raw bones. Due to short supply of raw bones the C pany could not retain in its service the entire strength of its person

hat has resulted in this involuntary unemployment. The Company rther contends that the agreement reached on the 17th March 1952 is not inding in view of the altered circumstances and the number of men set th there is liable to variation to suit the exigencies of the situation. here was no conciliation proceeding at the time the aforesaid agreement as reached. The number of men mentioned in the said agreement was ased on an output of seventy tons a day. The paucity of supply of raw ones did not permit this production. So the strength of the employees was educed. Regarding the supplementary statement the Company's contenion is twofold, viz., (1) The Tribunal has no jurisdiction to entertain this ispute and (2) Government was wrong in referring this dispute for adjudicaion subsequent to the original reference.

Issue No. 1.

The agreement in question has been marked Ext. 2C. It was dated 17th March 1952. It is not stated in so many words in the body of the agreement ow long this agreement will remain operative. With regard to the number f men fixed at three hundred and ninety-six it is mentioned in paragraph that the decision was "for the present". It is the contention of the earned Advocate of the Union that the Company was not justified in placng one hundred and twenty men on involuntary unemployment with effect rom the 10th July 1952 in face of this agreement. He refers me to section 9(2) of the Industrial Disputes Act, 1947. He argues that if no period is greed upon, then this settlement will be binding for a period of six months s provided for under section 19(2) *ante*. It shall continue to be binding ven after the expiry of the said period until the expiry of two months from he date on which a notice in writing of an intention to terminate the settlement is given by one of the parties to the other party. Now it is not disputed that no period is embodied in the aforesaid settlement. It is also not isputed that no notice to terminate the settlement was given by one of the arties to the other. So what is the legal position? The answer should be hat the agreement is binding on the parties at least for six months, if not more, unless the Company can place data by which the operation of the said agreement can be avoided. The first contention of this score of the Company's learned Advocate is that when the agreement is reached, no conciliation proceeding was pending. So section 19(2) aforesaid is out of place. But this contention is hollow. I find on evidence that there was actually a conciliation proceeding pending at the time when the aforesaid agreement was reached. Ext. 2 shows that the Labour Commissioner had already made recommendations to the parties for a conciliation of the dispute. Ext. 2(a) shows that the conciliation proceeding was in active progress even a few days before the aforesaid agreement. On the top of this there is the oral evidence of Mr. M. Amroon, O. P. W. 2, at page 16. I quote the said testimony, "There was a conciliation proceeding before the lay off one hundred and twenty men in July 1952." This was of course after the agreement in question, but it only indicates that the dispute was not terminated even then. From the paragraph 12 of the Company's written statement it is clear that discussions were in progress when the agreement was reached on the 17th March 1952.

The learned Advocate of the Company next contends that though the agreement might be binding, the provision regarding the number of workmen being fixed at three hundred and ninety-six was not immutable. It was liable to variation according to the exigencies of the situation. The occurrence of the clause "for the present" indicates that the number was tentative. But I am unable to accept this contention also. The learned Advocate of the Company further contends that the number three hundred

and ninety-six was a mere recital. But I find that the parties were great agitated over the reduction of men as provided for by the award of Shri A Das Gupta. The controversy was more or less mooted over this matte So the strength of the personnel that was reached in the agreement canno be treated as a mere surplusage. It was a material item in the agreemen No doubt "for the present" indicates against finality of the matter but is clear that this number was placed there as the irreducible minimum. I was meant to be increased if the condition became better. Besides if th provision about the agreed strength of the personnel goes, practicall nothing remains of the agreement. So I am not prepared to treat th provision as immaterial or redundant very much on the footing of a recita

The learned Advocate of the management next contends that th number was fixed with reference to the output of seventy tons a day. Tha is nowhere within the four corners of the said agreement. Neither do find it in the letters of negotiation that were exchanged between th parties. Only the management wanted to distribute the persons later o with reference to this figure. That can never affect the agreement itself As this output of seventy tons does not occur in the written agreement of th parties, I refused to admit any evidence regarding thereto. Such evidenc if admitted would offend against the accepted principles of the Indian Evidence Act.

The learned Advocate of the management lastly contends that al agreements are subject to the rule of Vis Major. All agreements are liable to be frustrated by the act of God or Vis Major as it is called. He contend that the production has become less due to the paucity of raw bones whic has occurred subsequent to the aforesaid agreement. So as the situation ha altered, each of the party is free to avoid the agreement because the agree ment itself becomes unenforceable in view of the altered circumstances But here the learned Advocate, I am afraid, seems to be committing an erro both about law as well as about facts. An act of God is something which the parties at the time of the agreement had not the least conception of o anticipation. It was something which was not only unforeseen but also un-foreseeable. Neither of the parties had any control over such course of events. So any and every altered circumstance does not permit the parties to avoid or negative the solemn agreement. If that was the position, then no agreement would be safe. Its solemnity would be totally robbed. In the present case I find on evidence that this short supply of bones was the creation of the Company. God has been needlessly dragged into the present matter by the Company to wriggle out of a tight corner. In Ext. A1 the Company has given out the underlying cause of this involuntary unemploy-ment of one hundred and twenty workmen. The relevant portion runs thus: "The bone business has deteriorated seriously since September of last year. Buyers of crushed bones in various markets have been limiting their purchases on account of heavy stocks which they held and have not been prepared to purchase crushed bones in quantity or at remunerative prices. Our sales figures have dropped considerably and the prices obtained for crushed bones make it no longer possible for us to purchase raw bones at a reasonable rate and to sell them after crushing. Accordingly we have reduced the purchase price of raw bones and in fact as things stand we are receiving negligible quantities in the way of further supplies." In para-graph 5 of the written statement of the Company it says that due to the fall in foreign demands and due to the increase in freight the price of raw bones has been reduced and the Company was receiving a very short supply as a result thereof. So the fact that emerges out of this version of the Company is that the Company has reduced the purchase price of raw bones. Necessarily the supply is short. So the short supply of raw bones is the

direct result of the Company's action in reducing the purchase price. Now the Company might argue that it was forced to reduce the purchase price of raw bones because the foreign market is closed and because the freight has increased. So it was not remunerative on their part to offer a higher purchase price. But the strangest part of the thing is that the Company has not placed before me anything to show that its foreign sale has dwindled down considerably. Nothing has been placed before me to show its sale position. So this aspect of the matter has been totally withheld from the Tribunal. In the absence of that, the compelling factor to reduce the purchase price is absent. So what is the position? In the absence of the sales figure I am left with the Company's reduction of the purchase price and the consequent short supply of raw bones. So is it not the Company's handiwork that the supply is limited? So where is the act of God in this matter? Besides, it is admitted in Ext. A1 that this position has begun since September 1951. So it must have been felt in March 1952 when the agreement was reached. So this position was not unforeseeable. If in spite of that, the Company agrees to maintain a certain personnel in a solemn agreement, can it escape from the liability by merely saying that it was not fully aware of such development? It may be that the Company entered into the above agreement about the personnel only to tide over the crisis it was faced with. It never meant to give effect to it. If that was so, no Court of law can extend its helping hand to such *mala fide* act on the part of the Company. That would be encouraging the practice of fraud on the part of the Tribunal, if it upholds such a plea. The evidence makes it clear that the situation that the Company now wants to utilise was or could be foreseen at the time of the agreement and secondly, that it was the Company which manipulated the situation and now wants to make a virtue out of necessity. So the Company in my opinion cannot avoid the obligation under the aforesaid agreement, so far as the strength of the personnel is concerned which the Union wants to fasten on it.

The learned Advocate of the management desparately argued that sometime in December 1950 this Company entered into an association which had a hand in the matter of reduction of supply of bones. There was also a zonal system of purchase to which he has referred. But it will appear that none of these had any bearing on the present matter. Mr M. Amroon, W. P. W. 2, admits at page 17 of his deposition that the association was formed in the middle of December 1950 to fix the rates as well as the quantity of purchase by each member. So this association was nothing new. It must have been in the minds of the parties in March 1952 when the aforesaid agreement was entered into. Secondly, this witness admits that each member of the said Association was free to purchase materials direct. So practically the Association had no controlling authority in the matter of purchase. The zonal system according to this witness was introduced on 15th September 1952, that is, after the lay off in question. So that also can have no bearing on the matter in issue. This being the position, I find that the management cannot shirk the operation of the provision about maintaining the working strength of three hundred and ninety-six as fixed in the agreement in question at least for six months, if not thereafter. So the involuntary unemployment of one hundred and twenty men in question on 10th July 1952, *i.e.*, within six months of the aforesaid agreement, is both illegal and unjustified. In that view of the matter the question does not arise as to what relief these men would get if the involuntary unemployment in question was legal and justified, as is disclosed in the issue in question. I am concerned here with the reliefs which these workers are entitled to when the involuntary unemployment has been found to be both illegal and unjustified. The Union has claimed in the prayer portion of paragraph 21 of its written statement that these workmen should be treated as in full

employment from 10th July 1952 up to date and that they would get full wages and dearness allowance. Of course, I have not been furnished with the balance sheets of the Company or given any data about its financial position. So I may very well take that the financial position is not unsound But as these workmen did not do any work from 10th July 1952 up to date I am content with granting them half basic wage and half dearness allowance from 10th July 1952 up to the date they are re-employed. Basic wage and dearness allowance would be on a scale they drew at the time of their lay off. If they have received meanwhile any involuntary unemployment benefit for this period, that should reduce the relief given by me above This is made payable within two months of the award coming into operation

I do not think the Tribunal is competent to call upon the company to withdraw the lay off, as the Union wants me to do. That is a management function. I can grant only compensatory relief for unjustified lay off. All that I may say in this connection is that the Hon'ble Labour Appellate Tribunal has made it clear that the involuntary unemployment should never be long. It should be curtailed as much as possible. If the situation is such as does not promise re-employment within a measurable length of time the workmen may be discharged with proper and adequate relief. I am told that the workmen here were at one stage willing to go away with adequate retrenchment relief as per agreement referred to. The Company would not agree to that. That certainly does not reflect the conduct of the Company to advantage. I leave this matter with this observation only

Another fact that I should mention in this connection is that the Union took great pains to show that the plea of short supply of raw bones was a got up plea only to justify involuntary unemployment. For that the learned Advocate of the Union sought to show that the Company was transferring its stock of bones to its branch at Pagladanga and thereby was creating this want of bones by manipulating the situation. But I have scrutinised the strength of the personnel and also the stock at Pagladanga. I have found that the stock situation at Pagladanga as well as the strength of men is not such as could raise suspicion on this score. Besides the Company would incur costs for this transport of bones from one place to another needlessly It would be fanciful to imagine that the Company would incur loss only to get rid of its workmen. But I cannot help saying that these workmen were not very much loved by the management. The company might have been worried by the frequent Tribunals to which it was driven by the Union, composed of these men. That might be just one of the motives why the Company did not choose to act in the manner it should have had while dealing with the situation. That also accounts for the keenness of the Company in avoiding the agreement and in putting men to involuntary unemployment in preference to discharging them outright with full compensatory relief. For this reason I have not gone closely into the stock book of the Company and also the stock of bones as it stood from time to time at Bansbati and at Pagladanga which was so much stressed before me by the parties. Of course on certain dates I found that wagons were received though the work was shown as suspended because of want of bones. Such a situation is however not inconceivable. It may take time to unload the wagons, to dry up the bones and then to crush them in the mills. So the receipt of wagons *per se* on a particular date is not synonymous with the supply of the stock of bones on that date as was contended by the learned Advocate of the Union.

Issue No. 2.

The learned Advocate of the Company has questioned the jurisdiction of the Tribunal to adjudicate upon this issue. He also contends that Government was wrong in referring this issue to the Tribunal for adjudication.

umably he has in mind that this dispute was not mooted in the conciliaproceeding. Had it been so it should have been sent in the first instance with the original reference. But this is practically arguing in a It appears to me that Government did not refer this matter together ently through oversight. These sixty-seven workmen were laid off time in February 1952, when the old disintegrator machine had gone of order. This matter was in the conciliation proceeding which culmin the agreement of the 17th March 1952. There was even a provision how these sixty-seven workmen should be re-employed by giving leave otation to the existing employees. That finds express mention in the agreement. So where is the scope for contending that this dispute did exist at the time the reference was made to this Tribunal. Even in the pany's notice dated July 17th 1952 it is stated that the involuntary nployment scheme would not include those people who were laid off in beginning of the year (*vide* Ext. A2). That batch evidently relates to sixty-seven workmen. So it is clear that the dispute did exist at the the original reference was made. This was also included in the conion proceeding which made provision for them. Even if it was not uded in the conciliation proceeding, that cannot prevent Government referring the whole dispute to this Tribunal even in different instal-Government, if it had made the original reference is competent to another allied dispute for inclusion provided it was pre-existing at the of the reference. So in that view of the matter also the contention of learned Advocate is wrong. Besides Government was justified in referthis matter for adjudication along with the original case, because this ter was incidental to the matter in issue. The amended section of the strial Disputes Act provides for this. So the reference of the amended was not bad.

Next, I come to the merits of the matter. These sixty-seven workmen laid off because both the disintegrator machines went out of order on 5th and 6th of February 1952. Whether these machines were sabotaged he company or by the workmen is outside the point. Fifty-five of these men have been re-employed on the 28th July 1952. So they were of employ from the beginning of February to the end of July 1952. As we already remarked that the workmen should not be kept under involununemployment for such length of time discharge was the appropriate edy in such cases. But if the company prefer to keep these people on luntary unemployment for such length of time it is bound to give pensation to these men. Because these men practically were detained mere expectancy or possibility of job. That is not fair. The old ntegrator could be repaired at a short notice as the repair actually did e. The new disintegrator machine is said to have broken beyond any ibility of repair before ten months according to the Company. So men loyed there should not have been kept on involuntary unemployment for length of time. So I cannot totally absolve the company from responlity in lengthening the matter of involuntary unemployment. In this of the matter I grant compensation at half wages and half dearness wance to 55 workmen who have since been re-employed on the 28th y 1952 from the date of their lay off up to the date of the above reployment less anything already received in this head. The scale would on the pay and dearness allowance last drawn. Regarding the remaining workmen it is the Company's contention that they did not attend the call or left without permission. It is not possible that these men will wer the roll-call all these days. If they were sent for and not found ilable I might understand, because it will not do to forget that the lay was protracted. Secondly, the Company is also at fault in not making

earlier provision for these men according to the agreement of March 1 These men were arranged to be provided as soon as men went on leav rotation. The Company paid scant regard to this provision. It reje leave application because the name of the substitute was not given. ' was not the business of the applicant for leave. That was the look ou the Company. So the Company's action in keeping these men on inve tary unemployment was more or less *mala fide*. So I award compensa also to the remaining twelve men from the date of their lay off to the of their re-employment, on the scale of half basic wages and half dear allowance per month as last drawn less anything already received on head. Due notice should be given to them if they are called for emp ment. All the payments above should be made within two months of award coming into operation either in lump sum or in two instalm according to the convenience of the Company. No direction to call off lay off is called for for reasons already stated.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Union Drug C Ltd., 285, Bowbazar Street, Calcutta-12, and their employees represented by the Union Drug Employees' Union, Rai Bahadur Roa Behala, Calcutta.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGA

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.),* *Judge, First Industrial Tribunal.*

AWARD.

The Government of West Bengal in the Department of Labour by order No. 3163Dis./D/11L-219/52, dated 17th November 1952, referred the industrial dispute between Messrs. Union Drug Co., Ltd., 285, Bowbazar Street, Calcutta-12, and their employees represented by the Union Drug Employees' Union, Rai Bahadur Road, Behala, Calcutta, regarding the matters specified in the following schedule to this Tribunal for adjudication.

Schedule.

1. Puja bonus for 1952.
2. Annual increment.

Notices were issued on both the parties, who filed written statements stating their respective cases.

The issues that arise for decision are the same as those mentioned in the schedule to the Order of Reference.

The appearances for the parties were as follows:—

For the Union: Shri S. K. Acharya, Counsel, instructed by Shri B. Ghatak, Secretary.

For the Company: Shri K. B. Basu, Counsel, instructed by Shri N. M. Das Gupta, Advocate, and Shri B. K. Bhattacharjee, Partner of the Managing Agents.

DECISIONS.

Issue No. 1.—Puja bonus for 1952.

The Union's case is that the Company has been earning decent profits all along and paid bonus at the time of the Puja for a long time, but that it stopped payment of the Puja bonus in 1951 and 1952. The Union claims bonus for the year 1952 at the rate of two months' wages for all employees.

The Company, in its written statement, states that it is a comparatively small concern, which has to face keen competition, specially after the war, and that it has been giving all amenities to its employees to the best of its capacity and resources. Its financial year is from January to December, and it is stated that in 1951, there was a loss in the Company's trading account, so that the question of payment of bonus out of earnings of 1951, did not arise. It is further stated that payment of bonus being dependable on "surplus profits" on the principles of the Full Bench decision of the Hon'ble Appellate Tribunal, the employees were not entitled to any bonus, not to speak of bonus at the rate of two months' wages, as claimed. It is also mentioned that for the year 1951, no dividend could be paid to the shareholders. It is, therefore, pressed that the claim for Puja bonus should be rejected.

P. W. 1 Shri Balaram Ghatak, the Secretary of the Union, examined himself and was cross-examined by the Company. On the side of the Company, O. P. W. 1 Shri Birendra Kumar Bhattacharjee, one of the partners of the Managing Agents, was examined and cross-examined. The list, Exhibit 1, showing the quantum of bonus paid from 1945 was placed by the Union and was not objected to by the Company. This list shows that bonus was paid in 1945, 1946, 1947, 1948, 1949 and 1950, respectively, at 3 months' wages, 4 months' wages, 3½ months' wages, 2 months' wages, 1½ months' wages and 1 month's wages. No bonuses were paid in 1951 and 1952. Exhibit 1 further shows that all the bonus was paid at the time of the Puja in 1948, 1949 and 1950, and a part of the bonus was paid

at that time in 1947. Exhibits A, A1 and A2 are the balance-sheets of Company for the years ending December 1949, December 1950 and Decem 1951, respectively. These accounts show a nett profit of Rs. 79,000 and for the year ending December 1949, nett profit of Rs. 37,900 and odd the year ending December 1950, and a nett loss of Rs. 31,000 and odd the business of the year ending December 1951. It appears from the st ment of the learned Counsel for the Company that the Company p Rs. 20,441 out of its profit of Rs. 37,900 and odd in 1950 when it paid month's Puja bonus to all its employees, both in the factory and in the h office. The Company paid similarly Rs. 29,000 in 1949 and Rs. 42,000 1948 towards bonus. It is now contended that as the Company suffere nett loss in 1951, the Union's claim for bonus for 1952 was not worthy support.

The learned Counsel for the Union stated with some emphasis that as claim in this issue was for Puja bonus for 1952, this was a condition service in view of the dictum of the Hon'ble Appellate Tribunal in Ma luxmi Cotton Mill's case, reported in 1952 L.A.C. 370. It was also e tended by the learned Counsel that in 1951 the gross profits earned w more than that earned in the previous year, although the balance-sh ended with a nett loss; whereas with a lower gross profit, it ended with nett profit in 1950. It is contended that the nett loss in 1951 was certai owing to mismanagement of the authorities of the Company and was connected with the exertions of labour, who, were therefore entitled to th due share of bonus on the working of 1951, as it was allowed in the previ years.

The Hon'ble Labour Appellate Tribunal enunciated the principles to observed in connection with the claim of Puja bonus in the Mahalux Cotton Mill's case as follows:—

> "Puja bonus is a bonus claimed by the workers as a matter of rig payable by the employer at a special season of the year, name at the time of the annual Durga Puja. This right is not ba on the general principle that labour and capital should sh the surplus left after meeting necessary and prior charges. I it rests on agreement between the employer and the worke That agreement may be either express or implied, and wh not express, past practice may lead to an inference of impli agreement. But for implying an agreement, the practice m be unbroken and for a sufficiently long period to exclude t hypothesis that payments had been made out of bounty. It not possible to say, in general terms, what should be the leng of the period. That would depend upon circumstances of ea particular case but the fact that the payments had been ma even in a year of loss would be an important factor on the questi as to whether the payments were mere acts of bounty or an obl gation on the part of the employers. When the right is thu established, the next question would relate to the amount Where the rule for determining the amount is expressly lai down or can be inferred, that rule is to be followed. When there is no definite rule or none can be found, the agreement founding the right cannot be disregarded in an Industri Tribunal, as in Courts of law on the ground of vagueness. The Industrial Tribunal must hold that the workers are entitled to reasonable amount as a term of the employment and determine the amount when a claim is made for a particular year and for that purpose the amount paid or rate at which payments were m in the last years, would be a guiding factor."

the statement, Exhibit 1 supplied by the Union, it appears that bonus paid only for six years from 1945 and the bonus was paid at the time of Puja in four of these years *viz.*, from 1947 to 1950. It is admitted that these years were years of profit for the Company. The first loss since appeared in 1951, and no bonus has been paid since 1951. It appears the evidence of P. W. 1 that increments of pay to the workmen were each year, but were stopped in the year 1950, and given again in 1951, stopped again in 1952. It appears that in 1952, both bonus and increwere stopped. The bonus was not paid in 1951. It does not, thereappear that the practice of payment of bonus has been unbroken since or that a bonus was paid even in a year of loss. In view of these nstances, it appears to me that the principles enunciated by the Hon'ble er Appellate Tribunal in the Mahaluxmi Cotton Mill's case do not to the conclusion that there has been an agreement, express or implied, een the employer and the employees for the payment of Puja bonus.

e suggestion that the labour is entitled to its usual share of bonus a gross profit is earned by the employer, is not entitled to support as question of bonus must depend upon the relative prosperity of the rn during the year under review * * *"

view of the fact that the Company sustained a nett loss in its business 51, the workers are not entitled to any bonus. (Full Bench decision e Hon'ble Labour Appellate Tribunal in the Millowners' Association reported in 1952 L. A. C. 433.) The claim of Puja bonus, as made by Union, is, therefore, rejected and this issue is answered accordingly.

Issue No. 2.—Annual increment.

he Union claims that all employees should get their increments from late when the said increments were stopped and furthermore the pany should not be permitted to stop the increment due to an employee. he evidence of P. W. 1, it is stated that increments were stopped in and was given again in 1951, and again stopped in 1952, and that in Biological Department where P. W. 1 worked, the increments were Rs. 3 or Rs. 2, and the menials were given increments of Re. 1. are two departments in the laboratory of the Company—Biological eneral. It appears from the statement of the learned Counsel for the ny at the time of the hearing, and also admitted by the Union that the led workers got a dearness allowance of Rs. 19 per month, the junior s in the Biological Department got a dearness allowance of Rs. 30 onth and the senior workers with a monthly pay above Rs. 100 got a ss allowance of Rs. 48 per month. The minimum basic pay of the led workers is Rs. 24, that of junior workers is Rs. 35 in the Biolo- Department and Rs. 32 in the General Department, and the monthly pay of the senior workers is Rs. 60 in the Biological Department and 8 in the General Department. In view of the fact that the general of wages paid by the Company is not very satisfactory, I propose ow the workmen drawing basic wages up to Rs. 100 per month both in boratory and in the head office, general increments in the scales as llowed by the Company in 1951, which according to the evidence of 1 were Re. 1 for the menials and Rs. 2 or Rs. 3 for others, in spite fact that the Company suffered a nett loss in 1951. It appears from B that out of a total of 279 workers employed in the Company, e 149 workers enjoying basic pay below Rs. 50, 82 employees with y from Rs. 50 to Rs. 100 and 48 employees with basic pay above . It is, therefore, awarded that the menials should get an incre- Re. 1 and other employees earning a basic pay up to Rs. 50, shall

get an increment of Rs. 2 and workers enjoying a basic pay above Rs. but below Rs. 100 shall get an increment of Rs. 3 per month with eff from January 1953. In view of the financial condition of the Company, burden of increased wages is saddled upon it for a period prior to Janu 1953.

There is no evidence to show that annual increments of basic pay i condition of service in the Company. No scale of basic wages w annual increment has been proved for any class of employees in t Company. All what appears in the evidence of P. W. 1 is that the inc ments in the basic wages were used to be paid each year but were on stopped in 1950, given again in 1951 and stopped again in 1952. In 19 bonus of one month's wages was paid, in 1951 no bonus was paid; but incr ment in the basic wages was paid. In 1952 neither bonus nor increme was allowed in view of the financial condition of the Company. It i therefore, awarded that the employees are not entitled to annual incremen of basic wage as a condition of service, or increments from the date wh they were stopped; nor should the Company be given any direction to allo annual increments in the basic wage as a condition of service every year

Issue No. 1.

he employee, Shri Debi Sankar Chatterjee, stated that he had been ing under the Indian Turpentine and Rosin Co., Ltd., since 1948 with an record of service, and that he was entitled to accumulative privi- leave with pay for one month in a year after 11 months' service, ugh he could not avail of the same in the interest of service to the pany. It is stated that on 12th March 1952, the employee was attacked mixed pox and applied for sick leave with a medical certificate. The pany refused to grant any sick leave to the employee and offered privilege e for the period of illness. The employee could not recover from his ss soon on account of various complications, and that the Company inated his services with effect from 20th April 1952. It is stated that discharge is wholly arbitrary and *mala fide* and that the employee was

entitled to reinstatement with wages for the period of unemployment that even if he was not reinstated, he was entitled to pay for the period and other retiral benefits.

The Company, in its written statement, states that Debi Sankar Cha was appointed by Messrs. Hiralal Debiprasad, Ltd., in 1948, and that Messrs. Hiralal Debiprasad's Agency was cancelled in September 1951 Messrs. Pioneer Consolidated Co. of India, Ltd., became the Selling A for Messrs. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

1. The original reference out of which this case has arisen was ma under Government order No. 1962Dis./D/111-79/52, dated 23rd July 195

AWARD.

2. The petitioners' contention is that they were placed on involunta unemployment by a notice, dated the 25th July 1952, in contravention the agreement, dated the 17th March, 1952. This meant a prejudici alteration of the service condition and as it was done without any permissio from the Tribunal where the main case was pending, the petitioners wer entitled to come under section 33A of the Industrial Disputes Act, 1947, a amended in 1950.

The Company in its written objection states that there has been n infringement of section 33 of the Industrial Disputes Act, 1947, and as such the Tribunal is not competent to deal with the application under section 33A of the Industrial Disputes Act, 1947. On the merits it is contended that the 4½ disintegrator was going to be made ready for work and so 67 men who were on involuntary unemployment consequent on the said disintegrator going out of order in February 1952 had to be re-employed. But due to the decline in the trading position on account of paucity of supply of bones a corresponding number of men had to be retrenched from the plant section. So the Company re-employed those men who were already on involuntary unemployment and have placed this new batch from the plant section on involuntary unemployment. No permission of the Tribunal is said to be necessary for this step.

3. No fresh evidence was led in this case. Both parties relied on th evidence which was adduced in the main case and the trial of this case wa practically analogous with the trial of the main case. I have passed the award in the main case. I have found there that the agreement, dated the 17th March 1952, was binding on the parties. As no notice to terminate the said agreement was given it was still operative even after the period of 6 months as under section 19 (2) of the Industrial Disputes Act, 1947. This lay off of 67 men on the 25th July 1952 that is, within 6 months of the date of the agreement was a clear violation of the said agreement. So it was

gal. I have also found there that the agreement cannot be avoided on ground that due to an act of God the agreement was unenforceable. I nd there that the Company has not placed before me its decline in sale re. The balance sheet was also withheld from the Tribunal. So the unal was left guessing whether there was in fact the alleged decline in trading position. What the Tribunal found was that the Company had ased the purchase price of bones. So the supply of bones naturally was ted That was clearly the whim of the Company. If as a result of such n the supply has fallen the Company can only blame itself. It cannot the blame on anybody or on the workmen. Besides when there was a mn agreement not to reduce the number the Company must make out a d case for such reduction. It has failed signally to make out a case for uction. Mere showing that the supply has fallen will not do. Whether Company could help it is the matter for consideration. It is more so in face of the agreement on the 17th March 1952. I have discarded the ention of the Company that the agreement, dated the 17th March 1952, based on an output of 70 tons of supply of bones. Had it been so that ld have found mention in the body of the agreement. But it is conspi- us by its absence there. The learned Advocate of the Company has ted to make a capital of the fact by begging the question as to why the pany should wilfully reduce production by cutting down the supply n the result was loss to itself. The question being begged really loses force That was exactly the matter which the Company was required to blish by evidence. It has not chosen to do so. Besides I have found t there was a series of dispute between the Company and the parties resented by the Union. There was as many as 3 awards in course of the 3 years. That may be good grounds for the Company just to put these kmen on involuntary unemployment and thereby put them to harass- nt. The Company also would gain its end by sweeping these workmen off r feet as the resources of such workmen to hold out for long are obviously limited. So the reason is not altogether absent why the Company ld seek to lay off these men though by that it meant denial of some profit itself. Be that as it may, it is no use speculating on the motive of the pany. So as I found in the main case I find also here that the Company ed *mala fide* in putting people on involuntary unemployment from time me contrary to the agreement, dated the 17th March 1952. Now regard- this particular involuntary unemployment in question I have found in main case that only 55 men already laid off have been taken back when disintegrator has been repaired. 12 men have not been taken back. I l made provision for them there. It is really amazing that the Company one hand terminated the unemployment of one batch of men while at the e time by another hand has laid the axe against the corresponding batch workman who were in service. By this the Company wanted to prove that condition was desperate. But I have found that it was not so. So in result I grant compensation to these 67 workmen as per list in the appli- ion under section 33A with effect from the 25th July 1952 up to the date s involuntary unemployment is terminated. The quantum of relief will half basic wages and half dearness allowance on the scale last drawn g this period of involuntary unemployment, from the time it has taken right up to the time it is terminated. I am not competent to give direction on the Company to withdraw this order of lay off. All that remark is that the Company should take recourse to involuntary ployment only when such period appears to be short and not when it is or when its end cannot be foreseen with some amount of approximation.

he learned Advocate of the Company has questioned the jurisdiction of Tribunal to adjudicate this matter. I really fail to understand how ribunal jurisdiction can be challenged in this matter. Admittedly such

lay off reacted prejudicially on the service condition of quite a multitude o workmen in the employ of this Company. This was done during th pendency of the main case before the Tribunal and without any permissio from the Tribunal. The Company cannot take cover under a plea that wha it did was within the inherent right of its standing orders. I have foun before that the lay off in question was illegal and unjustified. Even if th standing orders did permit such action, all that I would say is that th standing orders should require modification and not that the operation section 33 of the Act is ousted or avoided. So I rule out the contention the Company in this respect regarding jurisdiction. I purposely refra from considering the matter whether the paucity of production was the resu of transfer of stock from here to Pagladanga, another branch of the Compan I have discussed this matter in the main case and I do not propose reiterate the argument advanced there. I do not entertain the suggestio raised by the petitioners.

Before I conclude I want to dispose of another objection raised by t Company that the petition is defective because it purports to stand in t name of the Union. But the application under section 33A mentions nam of the aggrieved persons and also contains the signatures of most of the That answers the requirements of section 33A of the Act. Section 33A the Act does not debar an application from the petitioners merely becau the petitioners are represented before the Tribunal by the Union. Su representation is only for the purpose of the trial. The petitioners ha come to the Tribunal in person and that is quite enough. So this objecti of the Company is also turned down. So the application under section 3 succeeds and the relief is as mentioned above.

(*c*) The site for a potable liquor shop shall not occupy a position to which the neighbours can have objections on reasonable grounds:

(*d*) Sites for shops for the sale of liquor for consumption on the premises shall not be—

(*i*) in or at the entrance to a market place, or

(*ii*) in a congested portion of a village or thoroughfare, or

(*iii*) in close proximity to a bathing ghat, school, hospital, place of worship, factory or other place of public resort:

(*e*) In areas inhabited by aboriginal tribes or tea-gardens labourers, sites for potable liquor shops shall not be on the side of a main road or in such other prominent position as may place temptation in the way of such tribes or labourers:

(*f*) Sites for licenses for the retail sale of potable liquors and intoxicating drugs at any place within two miles of the border of another district within the State shall not be approved unless the respective Licensing Boards concur, or, if they fail to concur, unless the Excise Commissioner so directs:

(*g*) When the exact site for a license cannot be decided by the Licensing Board, it shall specify the locality, within which the site may be selected and it shall be competent to the Collector to select the site within the locality as so specified.

26. Notwithstanding anything contained in these rules, the Collector may, in urgent cases, consider and decide applications for transfer of existing licenses to new sites:

Provided that all such applications and the orders of the Collector thereon shall be placed before the Licensing Board in its next meeting, for approval or for such orders as the Board may deem fit."

Office of the Accountant-General, West Bengal

NOTIFICATIONS.

Subject:—Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year.

No. TM/404.—31st January 1953.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent, grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 16th March 1953. The words "To be paid on or before the 31st March 1953" should be written prominently in red ink on the top of each bill. In respect of charges actually incurred, or claims accruing on or after the 16th March, the bills should be presented with the utmost expedition without losing even a single day. Please remember that during the last week of March this office is pre-occupied with the passing of monthly pay bills payable on the 1st working day of April.

2. Three clear days are required by this office to complete all processes connected with pre-audit. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If for any reason payment cannot be obtained on that day, he should call on the next day, or on the second or third following day—should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the section. No attempt should be made to get into direct touch with the sectional staff.

3. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

4. Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for resubmitting the bills when once returned unpassed with audit objection.

5. It will facilitate the payment of bills if the following instructions are borne in mind:—

(*a*) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(*b*) If any charge requiring sanction of a higher authority is claimed in a bill the sanction should be attached to it. As no payment can be made on the authority of copies of orders, the sanctioning authority should be requested to communicate the orders to this office in time.

(*c*) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bill.

(*d*) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 16th and the 31st March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery Counters of this office will be kept open till 4-30 p.m. on the 31st March. No payment will be made after that hour.

For the Company: Mr. S. R. Modi, Managing Director.

AWARD.

The original reference in connection with which this proceeding under section 33A of the Industrial Disputes Act has arisen, was made by the Government of West Bengal, Labour Department, under order No. 2180-Dis. D/7L-44/52, dated the 8th August 1952.

The bone of contention of the complainant Hetim Mollah seems to be that he had been granted statutory leave in August 1952, but he had not been paid his wages for the period of his leave. As this occurred during

the pendency of the adjudication proceeding he filed the present petition of complaint under section 33A. The Jute Press in question, hereinafter called the Company, denied that the leave granted to Hetim Mollah was statutory leave and stated that statutory leave would be granted to all workers between the 7th October and 7th November when the Press would remain closed and wages for statutory leave would be given to him along with other workers at that time, as had been done last year.

The Company submitted its written statement in the above terms on the 10th October 1952. After that the complainant came and stated verbally that he would not proceed with his complaint further. Subsequently, on 28th November 1952, he submitted a statement in writing in which he admitted that his employers had paid him 15 days' wages and that no dispute existed. As the cause of complaint giving rise to the dispute no longer exists, there is no existing dispute and I make a "no dispute" award accordingly. The complainant Hetim Mollah's petition filed on 28th November 1952 is included in the schedule to the award.

AWARD.

The Government of West Bengal in the Department of Labour, by order No. 80Dis./D/15L-12(A)/52, dated the 6th January 1953, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between the Swaika Concerns and their Allied Concerns 18B, Brabourne Road, Calcutta, and their workmen represented by Swaika Mazdoor Union, 1, Bazar Lane, Bally, Howrah, regarding the matters specified in the following schedule to this Tribunal for adjudication.

Schedule.

1. Whether the discharge of the four employees named below is justified; whether they are entitled to reinstatement and/or compensation:—
   (1) Shri T. B. Pal Choudhury, employee of Swaika Export & Import, Ltd.
   (2) Shri Shewnuvat Singh, employee of Swaika Export & Import, Ltd.
   (3) Shri Prahlad Singh, employee of Swaika Vanaspati, Ltd.
   (4) Shri Surajit Chakroborty, employee of Swaika Oil Mills.

Notices were issued on both parties and 24th January 1953 was fixed as the date for filing of written statement by the Union. On 16th January 1953 the Tribunal received memorandum No. 161Dis./D/15L-12(A)/52, dated 13th January 1953, from the Government with a copy of memorandum No. 5218/LCN., dated 26th December 1952, forwarding a copy of the report of the Conciliation Officer stating that Surajit Chandra Chakroborty and Shri Shew Murat Singh had, since the date of reference of the dispute to the Tribunal, received all their dues from the Company and informed the Conciliation Officer that they had no dispute with the Company. It is, therefore, clear that according to the report of the Conciliation Officer

Shew Murat Singh being the same employee as described as Sewnuvat Singh in the order of reference, and Surajit Chakroborty have no further any dispute with the Company. On 24th January 1953 the Union did not appear before the Tribunal, but the other two employees, Shri Prahlad Singh and Shri T. B. Pal Choudhury appeared and stated in separate petitions that they had received all their dues from the Company and had no further claim against the Company and had no further dispute with the Company either. Shri Prahlad Singh received Rs. 162-1 and Shri T. B. Pal Choudhury received Rs. 1,100 in full and final settlement of their claims from the Company. Shri P. N. Bhargava, Assistant Manager of the Company, also appeared before the Tribunal and supported the statement of the workers. The petitions of Prahlad Singh and T. B. Pal Choudhury appear as Appendices A and A1 to this award. It is, therefore, awarded that there is no dispute between the Company and the Union in regard to the matters mentioned in the schedule to the order of reference, which is disposed of accordingly. ANNEXURE.

In the matter of an application under section 33A filed by Dahur Shaw in connection with an industrial dispute between Sarbamongala Pure Oil Mill and their workmen referred to under Government order No. 1807-Dis./D/15L-14/52, dated 4th July 1952 (Case No. 153/52) and in the matter of an application under section 33A filed by Jitu Ram in connection with an industrial dispute between Sarbamongala Pure Oil Mill and their workmen referred to under Government order No. 1807Dis./D/15L-14/52, dated 4th July 1952 (Case No. 156/52) and in the matter of an application under section 33A filed by Dahu Shaw and Jitu in connection with an industrial dispute between Sarbamongala Pure Oil Mill and their workmen referred to under Government order No. 1807-Dis./D/15L-14/52, dated 4th July 1952 (Case No. 120/52).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJEE, *District Judge, Fourth Industrial Tribunal.*

For the petitioners: Shri Panchanon Bhattacharji, President.

For the opposite party: Shri Gour Mohan Chakrabarti, Manager.

While the aforesaid disputes were pending one application under section 33A was filed by Dahur Shaw and another by Jitu alleging that they have been discharged from 20th October 1952 without any permission from the Tribunal. Notices of these applications were served on the Company who appeared and filed their written statement alleging that on the ground of economy the Company decided to discharge 11 of its workmen with effect from 27th October 1952, that on 27th October 1952 these two workmen along with others joined an illegal strike, that the employer thereafter called upon the said workers to resume work on or before 3rd November 1952, but as these workers refused to take up employment, the employer was forced to declare a lock-out, that the lock-out as declared by the employer is not a contravention of section 33 of the Industrial Disputes Act and hence the application under seection 33A is not maintainable.

A further application was filed by Dahur Shaw and Jitu jointly alleging before the Court that they have been asked to sign on a new piece of paper as condition precedent to payment of their khoraki, that this was a clear departure from the past practice, that they having refused to submit to this change in the condition of service their khoraki payments have been stopped, that they have been accordingly compelled to apply for redress under section 33A of the Industrial Disputes Act. Notice of this application was served

the Company and it appeared and contended by a written statement that 3rd September 1952 advances were offered to the workmen and they were ked to sign in acknowledgement of the receipt thereof, that some of the rkers signed such a receipt and accepted payment, that the payment of advance was discretionary, hence there has been no contravention of the visions of section 33 of the Industrial Disputes Act by reason of stoppage payment of advance to those who have not signed the receipt.

The points for decision, therefore, are:—

(1) Whether the application is tenable

(2) To what, relief, if any, are the workers entitled?

AWARD.

For the sake of convenience of decision and as desired by the parties ese cases were taken up together and I am glad to note that the parties ve compromised all their differences and filed two petitions of compromise th regard to the two workers. The terms of the compromise cover all the nts of the dispute which are here and they are accepted. It deals with all issues separately. Hence I make my award in terms of the petitions of mpromise given in Annexure "A". The petitions will form a part of the ard.

The Compa defaulted once and did not submit its statement in reply before 20 August 1952. The case was first fixed for hearing on 30th October 19 but the corrigendum issued by the Government on 19th August 1952 w received in the meanwhile and the original order of reference was amend so as to substitute "workmen" in place of "one of the employees" as t second party to the dispute. Either party took an adjournment and t case was finally set down for hearing on 25th November 1952. On th last mentioned date, the parties jointly filed a petition intimating that t dispute had been amicably settled out of Court so that there was no furth dispute which could be adjudicated upon. So it is not necessary to go in the facts which led up to the dispute. The employee concerned and t representatives of the Union and the Company were before the Tribuna On hearing them I am satisfied that the dispute has been in fact amicab settled as stated in the joint petition and in view of that settlement t Union or the employee concerned has no claim to press against the Com pany. The dispute no longer existing, I make a "no-dispute" awa accordingly.

The joint petition of the parties is incorporated in the award Annexure "A" thereto.

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was filed by Shri Ram Dutt Koiri, a worker of the said Company against the said Company, alleging that the said Company had discharged the said worker concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes, Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

ANNEXURE.

In the matter of an application under section 33A filed by Ram Dutt Koiri, a workman in connection with an industrial dispute between Sarbamongola Pure Oil Mill and their workmen referred to under Government order No. 1807Dis./D/15L-14/52, dated 4th July 1952 (Case No. 152/52).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the petitioner: Shri Panchanon Bhattacharji, President.

For the opposite party: Shri Gour Mohan Chakrabarti, Manager.

While the aforesaid dispute was pending an application under section 33A was filed by Ram Dutt Koiri on the allegation that he has been discharged from work with effect from 28th October 1952 illegally without any permission from the Tribunal. Notice of this application being served on the Company, the Company filed a written statement alleging that on the ground of economy the Company decided to discharge 11 of its workmen with effect from 27th October 1952, that on 27th October 1952 this workman along with 12 others joined an illegal strike, that the employer thereafter called upon the said workers to resume work on or before 3rd November 1952, but as the worker refused to take up employment, the employer was forced to declare a lock-out, that the lock-out as declared by the employer is not in contravention of section 33 of the Industrial Disputes Act and hence the application under section 33A is not tenable.

The points for decision are:—

(1) Whether the application under section 33A is tenable?

(2) To what relief, if any, the workman is entitled to?

AWARD.

I am glad to note that when the application was being heard parties came to terms and filed the petition of compromise. The terms of the compromise are fair and acceptable and I accordingly accept it and make my award in terms thereof. The petition of compromise will form a part of the award and it is made Annexure "A" of the Award.

SCHEDULE.

Whether the decision of the Company to restore continuous work, wherever necessary, by introducing rota system by making Sunday as one of the normal working days on double rates of pay and allowing to each of the workers off day on one of the other six days in the week in place of the previous system of work on all the seven days of the week with double wages for Sunday work is justified, and if not, what system of work should be adopted.

Notices were issued on both parties and the Union did not appear even ugh notices were issued on them four times in succession. Notices uesting the attendance of the Union were issued on 17th November 1952, h November 1952, 10th December 1952, and 27th December 1952, and se notices were received by the Secretary of the Union on 19th ember 1952, 4th December 1952, 15th December 1952 and 2nd January 3 respectively. The Union, however, did not appear or file any written ement. The Company filed a written statement on 28th January 1953 l the case was heard on that day in the absence of the Union. The issue t falls for decision in this case is the same as that mentioned in the edule to the order of reference.

Shri S. K. Mullick (Junior), Solicitor of Messrs. Sanderson Morgan, icitors, appeared for the Company.

DECISION.

Issue No. 1.

The case of the Company is as follows. Until August 1952, th Company's workers in the Recovery Department and in the Engineerin Department had been working seven days a week, they being paid doub wages for their work on Sunday. In or about the first week of Augu 1952, the employees of the Company working in the Recovery Plant an certain other Departments, where seven days work was the rule, refused t work on Sundays. Having regard to the continuous nature of th Company's work at the Recovery plant, the Company was obliged to try t persuade them to change their mind, and failing to do so, they introduced rota system of working, whereby they fixed the working hour of each an every employee in such a manner that each and every one of them got on day's holiday during the week, and at the same time a certain group o workers could always be available on Sundays for the Recovery Departmen which was in continuous process. At the same time, the Compan continued paying the employees working on Sundays double the wages fo their work on such days, although in this system of working Sunday was t be considered as a normal working day. The employees of the Recover Department refused to accept the rota system of working hours and stage a stay-in-strike. The Company submits that having regard to the refusal o the said workers to work seven days a week, as they had been doing unt August 1952, the Company had no other alternative but to introduce th rota system as otherwise it would have resulted in it being impossible t operate effectively the Production Department. It is further stated tha the Recovery Plant takes about eight hours to close down and about twenty four hours to start, and their closure on Sunday will mean that th Company will have to lose production for about 2½ days in a week. In th circumstances, the Company submits that the rota system, as introduced b it, is the only and the best possible system of operating the Recovery Plan which is in continuous process of work and by that system each and ever employee becomes entitled to enjoy one day in the week as holida P. W. 1 Mr. Andrew I. Fleming, the General Superintendent of th Bengal Paper Mills, deposed and he proved the Company's case. H appears from his evidence that the workers in the Recovery Departmen and in the Engineering Department of the mills worked for seven days pe week with double wages on Sundays until the latter part of August 195 and the workers of the Recovery Plant refused to work on Sundays in th latter part of August 1952. He states that the Company then took lega advice and as it was essential that the plant should be kept in operatio seven days in the week, as it was a continuous process, the Compan introduced the rota system whereby each worker would receive one day o in seven by rotation and in this way they would not all be off on Sunday Workers working on Sundays would continue to be paid double wages fo that day. This system was introduced on the 30th of September 195 The workers in the Recovery Plant still objected to work on Sundays eve on the rota system, with the result that on 10th October 1952 they stage a stay-in-strike. After a few days the whole mill was closed, as it becam a general strike and this strike continued until the 21st of January 195 The witness states that if the plant did not work for seven days per week the Company would be faced with a loss of production, as the plan requires twenty-four hours to start and approximately eight hours to close If there was no work on Sundays, the total loss of production would amount to 2½ days per week. He states that no other system, other than the rot system, could be introduced if the production is to be maintained and los avoided. The witness further states that it would be advisible to introd

the rota system in the departments of the mill where seven days' operation is necessary and the Company intend to do so also in the Engineering Department and the Pulp-making Department.

On a consideration of the matter, I am of opinion that the decision of the Company to restore continuous work wherever necessary by introducing the rota system by making Sundays as one of the normal working days on double rates of pay and allowing to each of the worker off day one of the other six days of the week, in place of the previous system of work on all the seven days of the week and double wages for Sunday's work is justified and I do not consider that any other system should be adopted in the circumstances of the case to ensure continuous work in departments where seven days work in the week is necessary and it is accordingly awarded.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Shama Biscuit Co., Ltd., 13/2, Raja Manindra Road, Paikpara, Calcutta, and their workmen represented by Shama Biscuit Factory Workers' Union, 26/8, Dum Dum Road, Calcutta.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, CALCUTTA.

PRESENT:

SHRI S. K. NIYOGI, *District Judge,*
Sixth Industrial Tribunal.

For the Union: Shri Gour Mohan Gharai, Secretary.

For the Company: Shri N. M. Das Gupta, Advocate.

AWARD.

The dispute as mentioned above was referred for adjudication by me under section 10 of the Industsial Disputes Act, 1947, under Government of West Bengal, Department of Labour, order No. 2510Dis./11L-38/52, dated the 8th September 1952.

The matter for adjudication as stated in the order of reference is— "Whether the closure is justified. To what compensation are the workers entitled?"

It is not necessary to state the circumstances allegedly connected with the closure of the Company's factory and the retrenchment of the workers, since the dispute has been amicably settled between the parties. After the parties had submitted statements in writing of their respective cases, 26th December 1952 was fixed for hearing of the matter. But prior to that date both the Company and the Union presented a joint petition purporting to be a petition of compromise on 11th December 1952. It is mentioned in that petition that the parties have settled all disputes pending between them up-to-date. Regarding the subject matter of this particular dispute, it is stated that the workmen have settled all their differences with the Company for termination of their services due to the closure of the factory, made for justifiable reasons. The parties accordingly pray that an award may be made on the basis that no dispute now remains between them. I heard the representatives of both sides and am satisfied that the settlement has been *bona fide* made out of court on the basis of the closure having been made for justifiable reasons. There is as a result no existing dispute over the matter referred for adjudication. I make a 'no-dispute' award accordingly in terms of the joint petition of compromise which will form part of the award and be marked Annexure "A".

It should be noted that Appeal No. Cal. 163/52 filed by the Union and Appeal No. Cal. 160/52 filed by the Company will also be dismissed in terms of the compromise.

No. 463Dis./D/11L-61/53.—10th February 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 3165Dis./D/11L-204/52, dated the 17th November 1952, the industrial dispute between Messrs. Standard Pharmaceutical Works, Ltd., 67, Dr. Suresh Sarkar Road, Calcutta-14, and their employees in connection with the case of Shri Ajoy Kumar Sen Gupta, 56/2, Tollyganj Road, Tollyganj, Calcutta, was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an Industrial Dispute between Messrs. Standard Pharmaceutical Works, Ltd., 67, Dr. Suresh Sarkar Road, Calcutta-14, and their Employees in connection with the case of Shri Ajoy Kumar Sen Gupta, 56/2, Tollyganj Road, Tollyganj, Calcutta.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL.

PRESENT:

SHRI M. C. BANERJEE, *District Judge,*

Judge, First Industrial Tribunal.

The Government of West Bengal, in the Department of Labour, by order No. 3165Dis./D/11L-204/52, dated 17th November 1952, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the Industrial Dispute between Messrs. Standard Pharmaceutical Works, Ltd., 67, Dr. Suresh Sarkar Road, Calcutta-14, and their employees in connection with the case of Shri Ajoy Kumar Sen Gupta, 56/2, Tollyganj Road, Tollyganj, Calcutta, to this Tribunal for adjudication.

Notices were issued to both parties and they filed written statements stating their respective cases.

The appearances for the parties were as follows:—

For the employees: Shri Ajoy Sen Gupta himself and his father Shri Amritalal Sen Gupta.

For the Company: Shri N. M. Das Gupta, Advocate, assisted by Shri N. Chandra, Factory Superintendent.

Shri Ajoy Sen Gupta was Laboratory Assistant of the Company for about eight years. On 10th July 1952 he went to the Chemical Research

Laboratory and asked Shri Nandalal Acherjee, the Laboratory Assistant there for a small quantity of rectified spirit. Nandalal Acherjee was pouring a little quantity of rectified spirit into a beaker, when the Head of the Department came there and discovered on enquiry that Nandalal Acherjee was about to hand over the quantity of rectified spirit to Ajoy Sen Gupta. Ajoy Sen Gupta states that he wanted a little quantity of rectified spirit for preparing a medicine for his ringworm and intended to take permission of the Head of the Department for taking the rectified spirit. The case of the Company is that Ajoy Sen Gupta in collusion with Nandalal Acherjee, who has since been dismissed by the Company, attempted to commit theft of alcohol when P. K. Choudhury of the Chemical Research Department accidentally entered the room. R. P. Banerji of the Chemical Research Department reported the matter to the Head of the Chemical Department and to the Factory Superintendent. A Charge-sheet was given to Ajoy on 11th July 1952 to explain his conduct. On 12th July 1952 he was dismissed from the Company for misconduct. Ajoy claimed that he should be reinstated and should be paid 2½ months' salary and bonus for the year 1951, as it has been paid to the other employees of the Company. It is also stated by Ajoy that in case the dismissal order stands, he should be allowed to receive the amount of contribution by the Company towards his Provident Fund Account and few months' salary as retiral benefit. The issues that fall for decision in this case are as follows:—

(1) Is Ajoy Kumar Sen Gupta entitled to be reinstated to his post?

(2) Is he entitled to any other relief?

DECISION.

Issue Nos. 1 and 2.

At the time of the hearing of the case on 28th January 1953, the parties filed a joint petition of compromise in which it was stated that the parties had settled the dispute and the workman Shri Ajoy Kumar Sen Gupta did not claim for reinstatement or any compensation and his claim should be rejected. On enquiry I have been informed that the Company has made an *ex gratia* payment to Ajoy Sen Gupta for which he has given up the claim against the Company. It is awarded that the case be disposed of in terms of the compromise petition, which is marked Appendix "A" to this Award.

AWARD.

The Government of West Bengal in the Department of Labour, by order No. 79Dis./D/11L-240/52, dated 6th January 1953, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. India Ice Aerated Water and Cold Storage Co., Ltd., head office 20-21, Stephen House, Dalhousie Square, Calcutta, and factory at 138, Belliaghata Road, Calcutta, and their workmen represented by Calcutta Barafkal Mazdoor Union, 11, Belliaghata Road, Calcutta, regarding the matters specified in the following schedule to this Tribunal for adjudication.

Schedule.

(1) Whether the dismissal of the two workers Pancham Nayer and Hari Charan is justified? What relief they are entitled to?

Notices were issued on both parties and 24th January 1953 was fixed as the date for filing written statement by the Union. On 24th January 1953 the Company appeared through one Shri Sambhu Nath Mukherji, who was authorised to represent the Company before the Tribunal. The Secretary of the Union, Shri Upendra Nath Sanyal, filed a petition stating that the above dispute had been amicably settled and the Union had decided not to proceed any further with the case. The Secretary, Shri Sanyal, told me on my enquiry that Shri Pancham Nayer had been reinstated by the Company and Shri Hari Charan had been paid off his dues to his satisfaction and had left for his home outside West Bengal and that there was no dispute between the Union and the Company any more and the Union did not desire to proceed with the case any further. Copy of the Union's petition appears as Appendix A to this award. It is, therefore, awarded that there is no dispute between the Company and the Union. Appendix A shall be made a part of this award.

Titaghur Jute Factory Nos. 1 and 2 of Titaghur, 24-Parganas, and their mistries represented by the Titaghur Jute Factory (1 and 2) Workers' Union of Khardah Bazar, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Titaghur Jute Factory Nos. 1 and 2 of Titaghur, 24-Parganas, and their mistries represented by the Titaghur Jute Factory (1 and 2) Workers' Union of Khardah Bazar, 24-Parganas, referred to under Government order No. 2321Dis./D/7L-7/52, dated 23rd August 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT: . . . . . .

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Amal Bagchi, Secretary.

For the Company: Shri M. M. Ghosh, Deputy Labour Adviser, instructed by Shri T. M. Janakiraman and Mr. Jacks.

By Government order No. 2321Dis./D/7L-7/52, dated 23rd August 1952, the aforesaid dispute was referred to this Tribunal for adjudication. The issue as framed by the Government was the same as the issue which was framed by this Court, namely:—

(1) Whether the deductions which were made from the wages of the mistries during the time the mistries refused to work strictly in accordance with the schedule of working hours notified by the management of the Titaghur Jute Factory Nos. 1 and 2 should now be restored to to the mistries.

The Union filed its written statement on 6th October 1952 and the Company filed its written statement on 14th November 1952. The case was taken up for hearing on 11th January 1953 and I also inspected the factory on the same date.

AWARD.

The Union in its written statement wanted to say that on third week of December 1951 the Company planned a division of the mistries into two groups, namely, groups A and B. The group "A" representing major section of the mistries were asked to break at 10 a.m. on Saturday on completing 47 hours' duty per week instead of breaking all the mistries at 11 a.m. on completion of 48 hours per week according to old established practice. They contended that this theory was expounded with the purpose of defeating section 58(*i*) of the Factories Act.

The Company, on the other hand, by their written statement denied to have issued any notice which envisaged division of mistries into two groups as alleged by the Union. They contended that the Company acted *bona fide*. Since December 1949 to 9th December 1951 the Titaghur Jute Factory Nos. 1 and 2 along with other member mills of the Indian Jute Mills Association followed a production week of 42½ hours, that after reversion of mills to a 48-hour production week with effect from 10th of December 1951, the Company found

necessary to adjust the working hours of mistries to ensure the maximum aintenance work permissible under the Factories Act and the Company, erefore, finally notified the following working hours on 15th of December 1951 include 3 hours' overtime work in each week:—

Monday to Friday.		Hours.
6 a.m. to 10-36 a.m. and 1 p.m. to 5 p.m.	..	43
Saturday.		
6 a.m. to 10 a.m. and 11 a.m. to 3 p.m.	..	8
Total	..	51

hat as the mistries refused to follow the new working hours as noted above for turday and worked only up to 10 a.m. according to the scheduled hours, so ey are not entitled to the wages asked for. It is clear that after reversion to hours' production week with effect from 10th of December the Company *na fide* found it necessary to adjust the working hours of the mistries to ensure e maximum maintenance work permissible under the Factories Act, and with at object they entered into negotiation with the workers to change the working ours. The Union has failed to show before me that the Company by its notice anned a division of the mistries into groups A and B. Before the previous ibunal the parties took their stand on the notice as per Annexure A of the vard. They also filed this notice before this Court. Whatever might have ssed during the negotiation stage, I am satisfied that the last one notice that as fixed up at the gate was the notice of Annexure A. The Secretary of the orks Committee did not deny this notice. On the other hand, he admitted at when the Company changes its working hours it puts up a notice at the te. It is not specifically mentioned in his deposition what this notice was, r did he venture to say that it was some other notice which is being held back the Company and by which the Company planned a division of the mistries to two groups A and B. That being so, I hold that notice of Annexure A was ly put up at the gate, but in the opinion of the workers this notice militated ainst section 58 of the Factories Act and so they refused to stop work at a.m. Then the only question is whether the notice Annexure A militated ainst section 58 of the Factories Act, and if so, whether the workers were stified in their claim for wages for the remaining one hour, i.e., from 10 a.m. 11 a.m. The stand taken by the Company is that the notice was legal, that ork or no work the employees are not entitled to the wages for the period om 10 a.m. to 11 a.m. The question whether workers did work from 10 a.m. 11 a.m. does not really arise but the real question is whether the management as in its rights to change the working hours as per Annexure A. On this point e parties are bound by the decision of the previous award, viz., these hours workers are quite fair for the period the mill will follow 42½ hours per week r the production workers. It was argued that the Court fixed upon another rking hours, viz., from 7 a.m. to 10 a.m., and 11 a.m. to 3 p.m. But it is viously a clerical mistake for the Courts in the same breadth stated "as notified the Company on 15th of December 1951". It, therefore, meant the working urs to be 6 a.m. to 10 a.m. and 11 a.m. to 3 p.m. as per notice of Annexure and this he found to be fair. I think this sets at rest the points raised by e parties. At any rate, if we enter into the merits then also I am satisfied at the stand taken by the Union that the order is illegal is not tenable. Reading ction 61 and paragraph 4 of the "Standing Orders" applicable to Jute Mills, is clear that it is for the management to fix up the working hours, provided e working hours did not contravene any provisions of sections 51, 52, 54, 55 id 56 of the Factories Act. The Union is not able to lay its fingers and to

say that this provision has been contravened. The learned Union Secretar argued upon section 58 and his argument was based on the assumption th mistries were divided into A and B groups, but on merits this assumption is n true. By the notice of Annexure A all the mistries were asked to disperse 10 a.m. So no question of overlapping between A and B groups should aris The order issued by the management was, therefore, legal and manageme was entitled to issue such notice and change of working hours according to i notice. The Company cannot, therefore, be forced to pay the wages for th period from 10 a.m. to 11 a.m. as the previous shift was not in existence wit regard to the mistries whose shift consisted of working hours from 6 a.m. t 10 a.m. The Company, however, took up a lenient attitude on the worke and did not take steps against them when they insisted to continue till 11 a.n The workers did not also do the overtime work. In consideration of th attitude of the workers, the Company was even forced to revert to its old workin hours. It is really untrue to say that the Company did not enter into discussio with the Working Committee. P.W. 1 next had to admit that "when discussio is not entered into we leave the matter to Labour Commissioner and whe Labour Commissioner did not take any step, we intimated the Union. Durin the intervening time we did not take any step". So discussion or no discussio this should be the reasonable attitude of the workers. But in this case eve this was not followed. So if any work was at all done by the workers fron 10 a.m. to 11 a.m. that was not work which the employers wanted from th workers and consequently employers cannot be asked to pay for it. The clain of the workers, therefore, cannot stand in any view of the case.

No. 511Dis./D/7L-34/53.—17th February 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 3223Dis./D/7L-62/52, dated the 20th November 1952, the industrial dispute between Messrs. Nafar Chandra Jute Mills, Kankinarah, 24-Parganas, and their workmen represented by the Jute Workers Federation, 35B, Wellington Street, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Nafar Chandra Jute Mills, Kankinarah, 24-Parganas, and their workmen represented by Jute Workers' Federation, 35-B, Wellington Street, Calcutta.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

AWARD.

The Government of West Bengal, in the Department of Labour, by order No. 3223Dis./D/7L-62/52, dated 20th November 1952, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the Industrial Dispute between Messrs. Nafar Chandra Jute Mills, Kakinarah, 24-Parganas, and their workmen represented by the Jute Workers' Federation, 35-B, Wellington Street, Calcutta, regarding the matter specified in the following schedule, to this Tribunal for adjudication.

Schedule.

(*i*) The dismissal of Ramnaresh Bharati and the relief he is entitled to.

Notices were issued to both parties, who appeared and filed written statements setting forth their respective cases. The issue for decision is the same as that mentioned in the schedule to the order of reference.

The appearances for the parties were as follows:—

For the Federation: Shri P. Ghosh, General Secretary, assisted by workman Ramnaresh Bharati.

For the Company: Shri K. Ghosh, Manager, assisted by Sri M. N. Baul, Labour Officer of the Company.

DECISION.

Issue No. 1.

The Federation's case is that on 28th August 1952 Ramnaresh Bharati was charged under section 14(*c*)(*ix*) of the Standing Orders for negligence of duty, as he is alleged to have been found sleeping on the weaving table at 10-45 p.m. on 27th August 1952 during duty hours. It is further stated by the Federation that Ramnaresh was given no charge-sheet, nor any opportunity to reply of the charge-sheet, that he was charge-sheeted by the attendance clerk, which is unusual in a Jute Mill and was also dismissed on the same date. It is also stated that Ramnaresh reported to duty on 27th August 1952 at 10 p.m. and it was unusual that he should be found asleep at 10-45 p.m. and it was not a fact as alleged by the Company that Ramnaresh refused to accept the charge-sheet. It is, therefore, pleaded that Ramnaresh's charge-sheet was given by an unauthorised person and that he was unjustifiably dismissed and he should be reinstated forthwith and paid wages for the period of his forced non-employment.

The Company in their written statement states that on 27th August 1952 Ramnaresh was detailed for duty at a post between the Boiler House and the main entrance to the Factory premises from 10 p.m., the Company's mill being at work for the whole night, that at about 10-45 p.m. Shri M. L. Dutta, under whom the Watch and Ward Department of the Company works, found the said workman sleeping on the weaving table instead of standing guard at the said post. The said Shri M. L. Dutta knocked the table three or four times in the presence of other workmen named Surja, Sadhan Paul, Prabunath and Dhanraj, but Ramnaresh could not be awakened by the sound made by such knocking. It is further stated by the Company that on 28th August 1952, a charge-sheet duly drawn up by Shri M. L. Dutta, head of the Department to which the said workman belonged, was presented to Ramnaresh and the contents thereof were explained in Hindi in the presence of two witnesses, but the said workman, in disregard of the Standing Orders, refused to take the same charge-sheet in the presence of witnesses who testified to this refusal in writing. It is also stated that on the conclusion of the enquiry, the Manager found Ramnaresh guilty of misconduct as alleged in the charge-sheet and directed his dismissal. It is further stated that the workman Ramnaresh Bharati was not entitled to any relief in this case.

At the time of the hearing of the case on 31st January 1953, the parties filed a joint petition of compromise, which appears as Appendix "A" to this award, by which Ramnaresh was to be employed in another concern of the proprietors of the Company and should be paid wages for 45 days for the period of his unemployment. On a consideration of the terms of the compromise petition, I find them to be reasonable and worthy of acceptance. I, therefore, accept the terms of the compromise petition and award accordingly. The compromise petition Appendix "A" will form part of this award.

No. M3R-1/52.—25th February 1953.—In exercise of the powers conferred by sub-section (2) of section 23 of the Calcutta Municipal Act, 1951 (West Bengal Act XXXIII of 1951), the Governor is pleased to frame the following rules:—

Rules

PRELIMINARY.

1. These rules shall be deemed to have taken effect on and from the 1st May 1952.

2. In these rules—

(*i*) "the Act" means the Calcutta Municipal Act, 1951;

(*ii*) "Commissioner" means the Commissioner appointed under section 19 of the Act who is not a civil or military officer in the service of the Government;

(*iii*) "Corporation" means the Corporation of Calcutta;

(*iv*) "earned leave" means leave earned in respect of periods spent on duty;

(*v*) "earned leave due" means the amount of earned leave calculated as prescribed in rule 11, diminished by the amount of earned leave taken;

(*vi*) "leave" includes earned leave, leave on private affairs, leave on medical certificate and extraordinary leave.

LEAVE AND LEAVE ALLOWANCES.

3. Leave admissible under these rules cannot be claimed as of right. When the exigencies of service so require, discretion to refuse or revoke leave of any description is reserved to the State Government.

4. Leave shall ordinarily begin on the day on which transfer of charge is effected and shall end on the day preceding that on which charge is resumed.

5 The Commissioner may be permitted by the State Government to prefix or affix a holiday or holidays to the leave granted to him. Unless the State Government otherwise directs—

(*a*) if holidays are prefixed to leave, the leave and any consequent re-arrangement of salary and allowances shall take effect from the first day after the holidays, and

(*b*) if holidays are affixed to leave, the leave shall be treated as having ended on, and any consequent re-arrangement of salary and allowances take effect from, the day on which the leave would have ended if holidays had not been affixed.

Explanation.—For the purpose of this rule, "holiday" means—

(*i*) a holiday prescribed or notified by or under section 25 of the Negotiable Instruments Act, 1881, and

(*ii*) a day on which the office of the Corporation is ordered, by a resolution of the Corporation, to be closed for the transaction of business without reserve or qualification.

6. Unless permitted to do so by the State Government, the Commissioner may not return to duty before the expiry of the period of leave granted to him.

7. The State Government may commute retrospectively periods of absence of the Commissioner without leave into extraordinary leave. On the recommendation of the Corporation, the State Government may sanction retrospectively an extension of leave to the Commissioner if he overstays his leave, provided that they are satisfied—

(*a*) that the overstay was due to circumstances beyond the Commissioner's control; or

(*b*) that the overstay was not administratively inconvenient.

8. Any kind of leave under these rules may be granted in combination with or in continuation of any other kind of leave under these rules.

9. No leave shall be granted beyond the date on which the term of office of the Commissioner is due to expire under sub-section (2) of section 19 of the Act or the date on which he must compulsorily retire under rule 20.

10. Subject to the provisions of rules 3 and 9, the Commissioner may at any time be granted the whole or any part of the earned leave due to him.

11. The earned leave due to the Commissioner is one-eleventh of the period spent on duty:

Provided that, when the earned leave due amounts to 90 days, he shall cease to earn such leave.

12. Leave on private affairs may be granted to the Commissioner on any one occasion for not more than three months.

13. Leave on medical certificate not exceeding two months in all during any one term of his service may be granted to the Commissioner:

Provided that, when the maximum period of two months is exhausted, further leave on medical certificate not exceeding one month in all may be granted in exceptional cases.

14. Extraordinary leave may be granted to the Commissioner in special circumstances—

(*a*) when no other leave is admissible under these rules, or

(*b*) when other leave is admissible, but the Commissioner applies in writing for the grant of extraordinary leave.

15. (*1*) The Commissioner is entitled—

(*i*) when on earned leave, to leave-salary equal to his average salary for the twelve complete months preceding the month in which leave is taken; and

(*ii*) when on leave on private affairs or medical certificate, to leave salary equal to half his average salary for the twelve complete months preceding the month in which such leave is taken.

(*2*) The Commissioner is not entitled to any leave salary when on extraordinary leave.

16. The Commissioner may draw dearness allowance, so long as it is admissible, during any period of leave, other than extraordinary leave, in or outside India, except that, in the case of leave preparatory to retirement such allowance shall be admissible only for a maximum period of 90 days, spent wholly in India. Such allowance during leave shall be calculated on the basis of the leave salary actually drawn and at the rate at which it was admissible immediately before the Commissioner proceeded on leave.

17. The house-rent allowance admissible to the Commissioner may be drawn during leave on medical certificate only, provided that he certifies either—

(*i*) that his family continued to reside, for the period for which the allowance is claimed, in the station from which he proceeded on leave on medical certificate, or

(*ii*) that he continued, for the period for which the allowance is claimed, to incur the whole or a considerable part of the expenditure on rent for which the allowance was granted.

PROVIDENT FUND.

18. The Commissioner shall not be entitled to any pension or gratuity but shall be admitted to the benefits of the Calcutta Corporation Provident Fund except that he shall not be entitled to any additional or special contribution to his provident fund from the Corporation.

19. In all matters concerning his provident Fund, the Provident Fund Rules of the Corporation for the time being in force, so far as they are not inconsistent with the provisions of the Act or rule 18 of these rules, shall be applicable to the Commissioner.

COMPULSORY RETIREMENT.

20. The date of compulsory retirement of the Commissioner shall be the date on which he attains the age of 60 years.

21. Any matter relating to the leave, provident fund or retirement of the Commissioner, for which specific provision has not been made by these rules, shall be governed by the rules and orders in force for the time being applicable to Government servants of similar standing and status.

By order of the Governor,

S. M. MURSHED, Jt .Secy.

NOTIFICATION.

Subject:—Cases for scrutiny of revised pay of non-gazetted personnel under the West Bengal Services (Revision of Pay) Rules, 1950.

No. TM(TB111-PF)/408.—16th February 1953.—On the introduction of the West Bengal Services (Revision of Pay) Rules, 1950, initial pay fixation statements in respect of members of the non-gazetted staff were obtained from all offices in order to see whether the Rules had been correctly understood and applied by the Departmental Officers concerned. A sufficient number of statements (sometimes exceeding 50 per cent.) in respect of each and every establishment have already been examined by this office and the relevant records returned. The intention was that in the light of the corrections made in those cases, which have been examined in audit, the heads of offices should re-examine the remaining cases not checked by audit. It is physically impossible for the audit department to check all cases. No more fresh cases will be entertained by this office. If with regard to any particular case, amongst those cases not checked by audit, the head of an office feels any doubt regarding the correctness of initial pay as fixed by him he may refer it to audit with full details. Wherever possible, he should consult the Inspecting Accountants and Officers of the Audit Department visiting his locality in order to get his doubts resolved. This will save the trouble and risk of sending service books to and fro by post.

Deputy Accountant-General.

LABOUR DIRECTORATE.

A note on the preparation of Working Class Cost of Living Index Numbers for the Tea Plantation Areas in West Bengal.

Dated the 18th February 1953.

The absence of a Cost of Living Index Number for plantation workers in this State has been a long felt want; and because of the lack of such an index, scientific adjustment of wages and dearness allowance of plantation workers on an objective basis has not been possible in the past. Government has all along been alive to the responsibility of obtaining adequate data for constructing a Working Class Cost of Living Index for the plantation area. With this object in view the State Government authorised a family budget enquiry among the plantation workers which was conducted by the staff of the Labour Directorate in 1947-48 on the basis of a scientific random sample. The results of such family budget enquiries among tea plantation workers of Dooars, Terai and Darjeeling have already been published by Government in the form of a report.

On the basis of the results furnished by the above budget enquiries, a standard budget has been prepared for each of the three zones showing the items corresponding to the consumption expenditure. Weights adapted from these standard budgets have been utilised for constructing three sets of index numbers, viz., for Dooars, Terai and Darjeeling. The note describes, in detail, the methods followed in calculating the indices and the data used as "weights" for them.

Base.—The period from January to December 1948 has been taken as the base for the indices, and the averages of the monthly retail prices during that period have been taken as the basic quotations. The family budget survey was completed in Dooars during 1947-48 and in Terai and Darjeeling in 1948. Though the base period should synchronize as far as possible with that of the family budget survey, it has been decided to take the calendar year 1948 as the base period for the purpose of uniformity of the base for the three series of index numbers. A comparative price study has also shown that there has not been considerable variations between prices from July 1947 to April 1948 and those between January to December 1948. Moreover, the majority of the budgets were collected during 1948.

Periodicity.—It is proposed to calculate the indices on a monthly basis as is usually done. The indices for a particular month can be prepared after the price quotations of last week in the month are obtained.

Selection of representative outlets and prices.—With an eye to obtain price quotations from representative outlets which are patronised by the plantation workers, the following principal markets in the three plantation zones wherefrom the bulk of the purchases are made by the plantation workers on the weekly "hat" days have been selected.

Dooars.—Bataigole Bazar, Samuktola Hat and Gairkata Hat.

Terai.—Matigara Hat and Siliguri Sadar Bazar.

Darjeeling.—Teesta Bazar, Chowk Bazar (Sadar) and Mirik Bazar.

Price collecting agents have been appointed in each of the above markets, and they collect retail prices once in every week in the prescribed price schedule (which indicate the commodities with their grades and units) from two representative shops in the above bazars and send the price returns to the Head Office at Calcutta by post. The price quotations reported by the agents are carefully scrutinised at the Head Office before using them for tabulation and construction of the indices.

Coverage (items covered and their weights).—An attempt has been made to include in the Index numbers as many of those representative items on which consumption expenditure has been reported in the standard budget and which tend to show characteristic price behaviour. On this principle the total number of items covered by the Index numbers are 51 for Dooars, 49 for Terai and 51 for Darjeeling. The items have been classified into the following main groups: (i) Food, (ii) Fuel and Light, (iii) Clothing and Footwear and (iv) Miscellaneous. The "Miscellaneous" group consists of sub-groups like (a) Household requisites, (b) Conventional necessities and (c) Intoxicants. As the plantation workers are given free housing and repairs are done at employers' cost, no weightage for house rent has been obtained from the results of the budget enquiry and as such this group has not been included in the Index numbers.

Appendix I shows the items covered under each of the above main groups, in the three zones and their "weights" which have been worked out on the basis of consumption expenditure as revealed by the budget surveys and with certain adjustments made described below.

The table below gives a summary of the items covered under each of the main groups in the three zones together with the proportions of expenditure on these items out of that on each group and the percentage distribution of the total expenditure among these different groups—

Group.	Number of items.			Percentage of expenditure on items included to total expenditure in the group.			Percentage of expenditure on items included to total expenditure on the budget.		
	Dooars.	Terai.	Darjeeling.	Dooars.	Terai.	Darjeeling.	Dooars.	Terai.	Darjeeling.
I. Food	29	27	29	94·73	96·17	96·92	67·67	68·09	68 20
II. Fuel and Lighting ..	3	3	3	100·00	100·00	100·00	10·05	8·14	10 62
III. Clothing and Footwear ..	11	11	11	100·00	100·00	100·00	7·15	6·84	6·61
IV. Miscellaneous . ..	8	8	8	90·13	93·82	90·01	10·14	11·68	10 00
Total .	51	49	51				95·01	94·75	95·46

It may be mentioned that it has not been possible to include in the Index all the items entering into the standard budget because, in case of certain items the base year prices are not available, while in the case of certain others they are not priceable at all. The situation in such circumstance can be met either by assigning the combined weight of the group to the price movements of those particular items of the group which are priced or by adding the weights of the excluded items to those of the priced, provided the price movements of the latter are representative of the price movements of the former. Since the second alternative is preferable to the first one and has been recommended by the Sixth International Conference of Labour Statisticians in 1947, it has been adopted for the construction of these indices as far as possible. Thus in the Food group, the weight of Marua whose price movement is closely akin to that of Bhutta (maize) has been added to that of the latter. In Darjeeling, the weight of paddy has been found to be very small compared to that of rice and as the price movement of the two are similar, it has been added to that of rice. Similarly pork has been taken to represent "Pork and others". The weight of curd has been lumped with that of milk and that of butter with that of ghee.

In Dooars, during the Family Budget Enquiry, the expenditure on "spices" has not been recorded separately for the different item constituting that group. For Dooars, therefore, the total weight of spices has been split up between *Halud*, chilli and "others" in the same proportion as in Terai and Darjeeling where these have been separately obtained.

Similarly, the expenditure on Pan and Supari has not been obtained separately in any of the three zones. Since, it is the fluctuation in the relative prices that matters, so far as cost of living index numbers are concerned, the separate price-relatives for Pan and Supari have been taken and their average worked out and then the combined weight for Pan-supari has been assigned to this average. This method, however, cannot be applied in the case of spices in Dooars, because the item "others" in the "spices" sub-group is not priceable.

Besides seasonal variations, "Clothing" group has also given rise to similar difficulties. Many items of a wide range of varieties have figured in the budget of the plantation working class families for which reliable price quotations are very difficult to obtain, but it has been noticed that in the Clothing group prices of garments have mainly varied with the price fluctuations of the materials of which they are made. In such cases, there is no other alternative but to include certain representative items of basic materials whose price fluctuations show a characteristic behaviour and which, more or less, govern the price fluctuation of the entire Clothing group. Thus prices of shirting have been taken to represent shirts, of coating to represent coats and suits, of drill to represent prices of trousers and shorts, and prices of printed cloth for frocks and blouses, and long cloth for others.

In accordance with the first principle of distributing weights described earlier, woollen blanket has been selected to represent all other woollen goods which cannot be easily priced and because the weight of blanket is predominant in the woollen goods sub-group. Similarly, in the household requisite sub-group bellmetal for utensils has been selected to represent the sub-group. In the intoxicant sub-group, country wine is the most popular item which accounts for the bulk of the expenditure and this item has been included while other items, the weights of which are insignificant and which are not priceable, have been dropped.

Items left out are Tailor, Medicine, Education, Travelling, Postage, Amusement, Religion and Social Rites, Remittance and Tax.

Adjusting the weights on the principles indicated above and taking the total expenditure on the items and groups covered to be 100, the weights assigned to the respective groups for calculation of the composite or the combined Index adopted for the three zones are as follows:—

Zones.	Groups.	Weights.
I. Dooars	Food	71·22
	Fuel and Light	10·58
	Clothing	7·53
	Miscellaneous	10·67
		100·00
II. Terai	Food	71·86
	Fuel and Light	8·59
	Clothing	7·22
	Miscellaneous	12·33
		100·00
III. Darjeeling ..	Food	71·44
	Fuel and Light	11·12
	Clothing	6·96
	Miscellaneous	10·48
		100·00

Averaging.—Simple price-relatives of each of the constituent items in the groups have first been worked out basing their current price quotations on 1948. The simple price relatives have then been multiplied by their respective weights, and the products have been summated and a weighted arithmetic average has been taken to find out the group indices. The group indices thus determined have then been assigned their respective group weights and a weighted arithmetic average has been taken to find out the composite or combined index.

Conclusion.—On the basis of the above methods and using the weights mentioned in the above note and its appendix, three separate set of monthly cost of living index numbers have been computed on 1948, base for Dooars, Terai and Darjeeling and the Index figures have been calculated on the above base from December 1951 onwards. The reason as to why the figures have been calculated from December 1951 is this that the minimum wages for plantation workers have been fixed under the Minimum Wages Act by Government from that month. In order to assess the change in the Cost of Living of plantation workers since that date and to enable Government to adjust and revise the minimum wages and the dearness allowances of plantation workers on an objective basis, it has been considered expedient to start the indices from that date. The figures as calculated from December 1951 up to December 1952 on 1948 base are given below:—

ANNEXURE.

the matter of an industrial dispute existing between Messrs. Bengal Chemical and Pharmaceutical Works, Ltd., 94, Chittaranjan Avenue, Calcutta, and their workmen represented by (1) Bengal Chemical Mazdoor Union, and (2) Bengal Chemical Sramik Congress, 2, Jogodyan Lane, Calcutta.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

the Union: Shri D. L. Sen Gupta, Advocate.

the Company: Shri N. M. Das Gupta, Advocate.

1. By Government order No. 2091Dis./D/11L-125(C)/52, dated the h August 1952, the aforesaid dispute has been referred to me for adjudition under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV 1947). The Fifth Industrial Tribunal was constituted under notification o. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 6th August 1952. The Unions led written statement on 23rd August 1952. The Company filed written bjection on 8th September 1952. On 8th September 1952 the Unions filed n application for interim relief. But the Company filed objection and the atter was heard on 6th November 1952. The claim was turned down by n order, dated 10th November 1952. On 2nd December 1952 the ain case was opened and the argument was heard and exhibits were arked. The arguments continued on 3rd December 1952 when the award as reserved.

3. The issue contained in the schedule to the order of reference stands follows:—

1. Bonus on account of the profits of 1357 B.S.

AWARD.

4. It is the contention of the Unions that the Company used to pay ree months' basic wages as bonus annually. It was reduced to one and alf month's pay as bonus by the Tribunal of Shri S. N. Modak in two ccessive awards. The last award related to the year 1356 B.S. Now the nions are claiming bonus to the extent of three months' basic wages for

the year 1357 B.S. They admit that the Company has already paid bonus for the aforesaid year to the extent of one month's basic wages. The amount of such bonus was Rs. 1,78,754 for the year 1357 B.S. The Company denies their claim. It pleads financial inability to pay more than what it has given on the score of bonus for the year 1357 B.S. Besides, it invoked the aid of the formula bearing in the matter of bonus enunciated by Their Lordships of the Labour Appellate Tribunal in the Full Bench case of Millowners' Association, Bombay, *versus* Rashtriya Mill Mazdoor Sangh, Bombay, reported in Labour Appeal Cases, in September, 1952, at page 433. Calculating on that basis, the Company contends that there is no residue left after meeting the prior charges laid down by the Hon'ble Labour Appellate Tribunal. On the other hand, there is a deficit to the extent of Rs. 29,724.

5. In exhibit 6, the Unions have given a history of bonus as paid by this Company in different years tracing from 1349 B.S. to 1357 B.S. The Unions have also shown side by side the profits against which such bonus was granted. From this exhibit, I get that the Company granted two and half months in respect of 1349 to 1352 B.S. In 1351 and 1352 B.S. the nett profit stood at Rs. 13,68,000 and Rs. 13,91,000 respectively. In 1353 B.S. the profits dwindled down to Rs. 11,41,000. There was a Tribunal of Shri S. N. Modak. He reduced the bonus to the extent of one and quarter month's to one and half month's basic wages for that year. In 1354 B.S. the profits went further down to Rs. 10,59,000 and the bonus given was one and half month's basic wages. In 1355 B.S. the nett profits went up to Rs. 13,18,000 and the bonus given was the same. In 1356 B.S. the profits went down to Rs. 12,71,000, but the same bonus was maintained. Curiously enough, in 1357 B.S. the profits went still further up to the tune of Rs. 13,48,000 but the bonus was reduced to one month's basic wages. The total amount paid on the score of bonus was also less than what was given in the immediately preceding years. The Unions are making grievances of this. If we look at this chart as per exhibit 6, really I fail to see why should the Company suddenly reduce its bonus, though the nett profits looked up. My surprise is still more when I consider that Shri S. N. Modak had decided by two successive awards that the bonus should be fixed at one and half month's basic wages. The Company could not convince me that its financial position has since deteriorated. All that it could contend before me is that the total emoluments paid to the workers, as the result of these two awards of Shri S. N. Modak, have been considerably enhanced. That is partially true; but that can hardly justify the reduction of bonus. Bonus is given, as it has been pointed out by the Hon'ble Labour Appellate Tribunal, to make up the deficiency between the current wage and the living wage. It can never be the contention of the Company that the living wage has been reached in this Company. Even if the living wage goal has been attained, still the claim for bonus would subsist, but at that stage it would be based on a profit-sharing claim. So, the mere fact that the wages have been enhanced from what it was before is no ground for denying bonus, or even reducing it. So, the formula of the learned Labour Appellate Tribunal apart, I find hardly any justification for the Company to reduce the bonus from one and half month's basic wages to one month basic wages for the year 1357 B.S. I might have understood if at all the financial position of the Company had really become worse. I might also have understood it if the Company's balance-sheets for the year 1357 B.S. recorded loss. But as it will appear, the nett profits for the year 1357 B.S. were larger than in the preceding years and that they stood at Rs. 13 lakhs 48 thousand and odd.

Next I consider the position in the light of the formula that the Hon'ble Labour Appellate Tribunal has chalked out before us in the Full Bench

decision of the Millowners' Association, Bombay, already referred to. Regarding this matter, I had two exhibits side by side—one of the Union marked Exhibit 1 and the other of the Company marked Exhibit A. This would show the view-point of the respective parties regarding this matter.

Regarding the gross profits, as will be seen from the above two exhibits, there is no difference in the view-points of these two parties. In Exhibit 1, the Unions have accepted Rs. 18,72,472 as the gross profits for the year 1357 B.S. so far as the same is computed for our purpose. So, I need not discuss the amount of gross profits in this case. It was held by Their Lordships in the Full Bench decision of the Millowners' Association case that gross profits would be arrived at after payment of wages, dearness allowance to the employees and other items of expenditure (*vide* page 445, Labour Appeal Cases, September 1952). But I leave the matter alone, as there is no controversy on this point.

Next I consider the question of depreciation as a prior charge. The Unions in Exhibit 1 assess this at Rs. 1,97,978 against the statutory depreciation of Rs. 3,18,465, as set forth by the Company in Exhibit A. The depreciation that the Unions have set forth is what is shown by the Company in its balance-sheets of the year 1357 B.S., marked Exhibit D. The depreciation that the Company has shown is obtained from the assessment order of the income-tax authorities, copy of which has been marked Exhibit E. The point before me is which should be accepted as the prior charge. My finding is that the Company's contention should prevail in view of the decisions given by the Hon'ble Labour Appellate Tribunal in the case of Madhya Pradesh Textile Mills and their workmen, decided by the Hon'ble Labour Appellate Tribunal of India at Bombay, reported in the Labour Law Journal, November 1952, at page 625. Their Lordships have stated that they had provided for rehabilitation of plant and machinery as a prior charge in addition to statutory depreciation. Their Lordships have also referred to depreciation by the income-tax authorities as being a percentage of the written down value to be considered as a prior charge in the case of Millowners' Association, Bombay, Full Bench decision at page 445, Labour Appeal Cases, September 1952. So, it is clear that depreciation as a prior charge does not mean the yearly depreciation shown in the balance-sheet, but the statutory depreciation allowed by the income-tax authorities.

So, I deduct rupees 3 lakhs and odd as depreciation under this head, considered as a prior charge.

Then comes the question of bonus already paid to the workers in 1358 on the year 1357. There is no dispute on this head, as will appear from the comparison of Exhibit 1 and Exhibit A. The admitted amount on this head is Rs. 1,78,754. This should also be knocked off from the gross profits.

Then comes the question of income-tax payable as a prior charge. In Exhibit A the Company has claimed Rs. 5,97,377 as income-tax for the year 1357 B.S. In Exhibit 1, the Unions have conceded rupees 4 lakhs as income-tax for the year 1357 B.S. Evidently, the Unions have got 4 lakhs from Exhibit 2, the balance-sheets for the year 1358 B.S. at page xiv. But there it is shown as income-tax reserve. So, that is neither here nor there. I cannot accept also the Company's version. In the balance-sheets of the year 1357 B.S., I got income-tax assessed at Rs. 4,46,082, at page xiv of Exhibit D. If I turn to the balance-sheets of 1358 B.S., as per Exhibit 2, income-tax paid and Corporation tax paid would amount to Rs. 5 lakhs, 1 thousand and odd at page vi. So, the amount that the Company has

shown, does not agree with either of these two amounts. I prefer to accept the income-tax, as shown in the balance-sheets of 1357 B.S., marked Exhibit D, so that the amount that should be deducted as per charge on this head of income-tax should be Rs. 4,46,082.

Regarding the Debenture Reduction Fund assessed at Rs. 75,000, I do not think that the Union can raise any controversy. Their Lordships in the Bombay Bench of the Labour Appellate Tribunal have held in Kanti Cotton Mills, Ltd., Surendranagar, Sourastra, *versus* its workmen, reported in the *Gazette of India*, Part III, Section I, September 1, 1951, at page 411, that dividend on preference shares is a claim which the Company must necessarily honour. This remark to a certain extent justifies the claim of Rs. 75,000 set apart by the Company as a prior charge on the head of Debenture Reduction Fund. So, I accept that this amount should also be knocked off from the gross profits as a prior charge.

Regarding the return on paid up capital, the Company's contention is quite modest. The Company claims only 6 per cent. return on such paid up capital. The Union has also conceded this amount, as shown in Exhibit 1. So, Rs. 3,96,000 should be deducted on the head of return on paid up capital calculated at 6 per cent.

Regarding the return on working capital calculated at 2 per cent, there is no quarrel between the parties. This was also what was allowed by the Hon'ble Labour Appellate Tribunal. So, I accept the admitted amount of Rs. 9,600 as return on working capital in the present case.

Next I consider the question of replacement reserve per year. There has been keen contest over this matter. The Unions contend that this is included in the yearly depreciation as given in the balance-sheets or at all events in the statutory depreciation. The Company, on the other hand, has calculated this figure in detail as per Exhibit C. First of all, my clear finding is that I cannot accept the version of the Union, viz., that rehabilitation charge is included in the charge under the head of depreciation. That the two are distinct and separate will be clear from the decision of the Hon'ble Labour Appellate Tribunal, which has set forth this formula. I quote from the decision of the Hon'ble Labour Appellate Tribunal in the reported case of the Millowners' Association, Bombay, Full Bench, at page 445 of the Labour Appeal Cases. It runs thus: "The first charge on the gross profits should, therefore, be the amount of money that would be necessary for rehabilitation, replacement and modernisation of the machinery. As depreciation allowed by the income-tax authorities is only a percentage of the written down value, the fund set apart yearly for depreciation and designated under that head would not be sufficient for these purposes." Their Lordships observed in the Buckingham and Carnatic Co., Ltd. reported in Labour Appeal Cases, October 1952, beginning at page 523, as follows: "It is recognised that the ordinary depreciation fund would be inadequate for that purpose for the cost of machines and materials have gone up about three times the pre-war level". So, the contention of the Unions is untenable. The contention was evidently placed only to increase the surplus available for bonus by discarding this item. Then I consider the Company's version as per Exhibit C. This will speak for itself. I find that it has placed the average period of replacement of the building as 30 years and the average period for replacement of machinery as 14 years from now. It has taken the value of the buildings from the balance-sheets of 1357 B.S. Then it has multiplied it by 2·25. It has also deducted the amount of rupees 11 lakhs, which has already been charged as depreciation for buildings. It has also deducted 4·35 lakhs, which has been set apart as the building fund. By this calculation and by dividing the total value by

), it has arrived at 1·54 lakhs as the yearly replacement reserve on the ead of buildings. Similarly, regarding chemical machineries, general achineries and cars and lorries, it has multiplied the total value as per lance-sheet of 1357 B.S. by 2·7. This amount has been reduced by the preciation fund, already built up by the Company, as shown in the lance-sheets. This has been divided by 14, taking 14 years to be the riod on which this reserve should be spread over. It has arrived at 4·91 khs as the yearly reserve. So, the total replacement reserve has been und to be 6·45 lakhs. From this, the statutory depreciation of 3·18 lakhs s been deducted and the amount of 3·27 lakhs has been found as the arly replacement reserve on the head of buildings and machineries. Now e point I have to consider is whether I should accept this conclusion. f course, this conclusion is not above criticism. Amongst the buildings ere are many old ones, as well as new. So, all do not require to be placed at one time. Besides, to get their present value by multiplying 2·5 is also, more or less, a hypothesis. To spread the replacement serve over 30 years is taking the future very much into confidence. obody can say what should be the price level at this distance of time. It ay go up or it may come down. Similarly about the machinery replace-ent. The learned lawyer of the Company says that he has based it on e award of Mr. P. S. Bakhle, Industrial Tribunal, Bombay, regarding is very Company in its Bombay branch, reported in the *Bombay Govern-ent Ga ette*, October 11, 1951, at page 5244. I have gone through the id case. In the absence of a better working formula or hypothesis, I am sposed to accept this conclusion. So, in this view of the matter, the placement reserves yearly will be 3·27 lakhs on the head of buildings and achineries.

5. In view of the above findings, let me now cast up the calculations t forth above—

			Rs.
oss profits	..	..	18,72,472
ss statutory depreciation	..	..	3,18,465
			15,54,007
bonus for 1357 already paid	..	..	1,78,754
			13,75,253
ss income-tax	..	..	4,46,082
			9,29,171
ss debenture redemption fund	..	..	75,000
			8,54,171
ss return on at 6 per cent. paid up capital		..	3,96,000
			4,58,171
ss return on working capital at 2 per cent.		..	9,600
			4,48,571
ss rehabilitation charge on the head of chemical machinery, general machinery, cars and lorries.		..	3,27,000
			1,21,571

Residue Rs. 1,21,571

In view of the above, I find that there is a surplus of Rs. 1,21,000 and odd after meeting all the prior charges according to the formula given by Their Lordships of the Hon'ble Labour Appellate Tribunal. In the Directors' report for the year 1357 B.S. as per balance-sheets, Exhibit D, I get Rs. 1,93,754 and odd as balance of profits after meeting dividends and other charges. Now out of this, certainly some amount should go as bonus to the employees. I have found that Rs. 1,78,754 is the amount paid already as bonus for the year 1357 B.S. calculated at one month's basic wage. I grant 15 days' basic wage more as bonus for the year 1357 B.S. out of the residues shown as above. This is what the employees can very well claim, as I have shown at the outset when I considered the comparative chart of bonus in different years. I also arrived at the same conclusion in the light of the Labour Appellate Tribunal formula. Now whether the bonus should be more than one and half month's basic wages as claimed by the Union, I should say that I am not in a position to grant more in the present circumstances. So, the claim of the Unions succeeds only partially as above. This bonus of 15 days' basic wages for the year will be payable to the Unions within one month of the award coming into operation. This is long overdue and should not be delayed further.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Jessop & Co., Ltd., 63, Netaji Subhas Road, Calcutta-1, and their employees represented by Jessop's Employees' Union, 32, College Row, Calcutta-9.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

For the Union: Shri D. L. Sen Gupta, Advocate, instructed by Shri Ajit Das Gupta, Secretary of the Union.

For the Company: Shri K. B. Basu, Counsel instructed by Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors, and assisted by Mr. H. R. Burkinshaw and Mr. C. B. Graham, Managing Directors of the Company.

1. By Government order No. 1806Dis./D/10L-28/52, dated the 4th July 1952, the aforesaid dispute has been referred to me for adjudication under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The Fifth Industrial Tribunal was constituted under notification no. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 5th July 1952. The Union files written statement on 19th July 1952. The Company files written objection on 21st August 1952. The case was taken up for hearing on 27th November 1952 and 28th November 1952 when it was concluded. The award was reserved.

3. The issue contained in the schedule to the order of reference stands as follows:—

1. Whether the employees are entitled to any additional bonus for the year 1950. If so, at what rate?

AWARD.

4. It is the contention of the Union that the Company is very niggardly and stubborn in its attitude towards granting bonus to its employees. There has been a lot of adjudication over this matter and there were several adjudications regarding the rate of bonus and the extent of its application. For instance, Shri A. Das Gupta was appointed as the Tribunal on the 17th January 1948. Shri P. K. Sarkar was appointed another Tribunal on the 1st October 1948 to decide the question of Puja bonus for 1948. Shri S. C. Chakrabarti was appointed another Tribunal on 4th February 1950. Shri G. Palit was appointed an Adjudicator on the 20th September 1950, in respect of the Puja bonus for 1949 to the subordinate staff. The Union claims bonus for the year 1950 to the extent of 3 months 20 days' basic wage on the lines of the Bank Award. The Union argues that the Company granted dividend on ordinary shares to the extent of 15 per cent. in 1950, and there was no justification for limiting the bonus to the tune of one month's basic wage only for the said year. The Company resists the claim of extra bonus for the year 1950. It wants to confine the claim to one month's basic wage, which it has already given. It may have granted more bonus in the past, but that is said to have been given under duress. That can never support a

claim for all time to come. Besides, it is argued by the learned counsel of the Company that the extra claim for bonus for 1950 is vitiated by delay. The accounts have been closed up for that year and income-tax has been paid. So, such claim cannot be sustained at this distance of time. Besides, according to the formula that has been laid down by the Hon'ble Labour Appellate Tribunal, there would be a deficit of Rs. 2,26,000 for the year ending on 1950 and there is no surplus left, which can be utilised for this claim of bonus [*vide* Exhibit B(2)].

5. The balance-sheet of the year 1950 has been marked Exhibit A. In Exhibit 1 the Union has shown the nett profits which this Company derived in the years 1948, 1949 and 1950. It has also shown the bonus paid during these three years, 1948 to 1950. In 1948, the nett profit carried down was rupees 9 lakhs 78 thousand and odd. The bonus that was given was one month's Puja bonus and 15 days' Attendance bonus. In 1949, the nett profit carried down amounted to rupees 10 lakhs 66 thousand and odd. The bonus that was given was one month's Puja-*cum*-Attendance bonus. In 1950, the nett profit carried down amounted to rupees 17 lakhs 18 thousand and odd, the amount of bonus remaining the same. Next if we turn to the dividend granted by the Company in 1948, 1949 and 1950, I find as per Exhibit 1 that it was 7½ per cent. in the first year, 8¾ per cent. in the second year and 15 per cent. in the third year. This is also admitted by O. P. W. 1, the Managing Director, in his deposition before me. He admits further that in 1948, two months' wage was given as bonus as also in 1947. But in 1949 and 1950, the bonus was reduced to one month's basic wage as the result of awards, though its scope or application was extended. Now the point is that if we look to Exhibit 1, really it will be surprising why the Company was not increase its bonus when the profits are going up by leaps and bounds. The quantum of bonus can never be taken to be fixed or static. It is liable to vary from its very nature. It is certainly not the contention of the Company that it was paying living wage to these workers. Till that is not done, bonus is given to make up the deficiency between the current wage and the living wage. Even after the living wage level has been reached, bonus will still subsist, but in a different form, viz., participation in profits because of contribution to production, which has made the profits possible. Neither it is the contention of the Company that its financial position is dwindling steadily. I am satisfied on the evidence that its financial position is brightening up. That being the position, the Company cannot be justified in fastening the workers to one month's basic wage of bonus. The claim of the workmen is strengthened by the fact that the rate of dividend given in 1950 is nearly double of what was given in 1949. In the face of this, how can the bonus remain the same in these two years?

6. It is the contention of the Company that whatever bonus it had given in the past, that cannot be quoted as the precedent for the future. The learned Labour Appellate Tribunal has set down a formula bearing on this matter in the case of Rastriya Mill Mazdoor Sangh, Bombay, reported in Labour Appeal Cases, at page 148 in April issue, 1952, and reaffirmed in the Full Bench decision in the case of Millowners' Association, Bombay, *versus* Rastriya Mill Mazdoor Sangh, Bombay, reported in Labour Appeal Cases, September, 1952, at page 433. The formula has been worked out at page 450 in detail. Calculated in the light of this formula, the Company as per Exhibit B series shows that after allowances made for these prior charges, there is a deficit of rupees 2 lakhs 26 thousand, in the year ending 1950. In that view of the matter, the Company urges that the claim for bonus cannot lie at all. What it has given should be rather construed as a gracious bounty and nothing less. The Union also has

ven a calculation as per Exhibit 4 giving its reading of the situation. have to see how far between these two versions I should go.

There is no serious dispute about the gross profits, as given in Exhibit (2) and Exhibit 4. In the Exhibit B(2) the gross profit stands at 2·93 khs. In Exhibit 4 it is shown as 21·09 lakhs. This figure in Exhibit 4 evidently a mistake through oversight. I accept the Company's version.

Regarding the statutory depreciation, the Company has shown it at 24 lakhs as given in the Income-tax Officer's final assessment. If we ok to Exhibit 4, we find that the Union has accepted this figure of 2·24 khs as the statutory depreciation.

Regarding bonus already paid, there is no dispute between the parties. Exhibit B(2) it has been put down at 1·30 lakhs. That figure has been cepted by the Union in Exhibit 4.

Regarding income-tax actually paid as assessed by the Income-tax fficer, the Company has put it at 7·92 lakhs as per Exhibit B(2). In xhibit 4 this is shown as 7·99 lakhs. This is evidently a mistake. The nion can never show the income-tax paid at a figure in excess of what the ompany has shown for obvious reasons. So, I accept the figure at ·92 lakhs.

Regarding 5 per cent. dividend on preference shares, the Company has deulated it at ·50 lakh as per Exhibit B(2). In Exhibit 4 this figure s been accepted. But I have a word to say in this matter. In the next em of dividend on ordinary shares, the Company claimed at 10 per cent. hile the Union concedes 6 per cent. in Exhibit 4. In the cases referred decided by the Hon'ble Labour Appellate Tribunal. Their Lordships ave granted 6 per cent. dividend uniformly regarding all shares. That eing the position, when the Company's excess claim is reduced in respect f ordinary shares in fairness its reduced claim on preference shares should e brought up to the aforesaid standard. So, I allow 6 per cent. dividend lso on preference shares. That would give the figure at ·60 lakh in place f ·50 lakh. Regarding 6 per cent. dividend on ordinary shares, the Union as put it at 3·00 lakhs. This is evidently an arithmetical mistake. If e reduce the 10 per cent. dividend as given by the Company to 6 per cent. vidend on ordinary shares, the result would be that 5·10 lakhs in Exhibit B2) would be reduced to 3·06 lakhs. I allow this figure of 3 lakhs and odd n the score of dividend on ordinary shares.

Regarding 4 per cent. dividend on reserves of 16·5 lakhs, the Company omputed it at ·66 lakh as per Exhibit B(2). The Union has reduced it 2 per cent. and concedes ·33 lakh on this head. In the decisions of the lon'ble Labour Appellate Tribunal, we find that both these rates have een given in different cases. I am disposed to allow 4 per cent. return n the reserves. I have some doubts whether 16·5 lakhs were actually sed as working capital by this Company. But there is no dispute on this oint. So, I accept the admitted position. I accordingly allow ·66 per ent lakh on this head of 4 per cent. return on the reserves.

Then comes the question of rehabilitation reserves. This is indeed a exed question. Even Their Lordships of the Labour Appellate Tribunal ave been constrained to remark that the Companies have become rehabiitation conscious since the introduction of the formula by them. First f all, I must make it clear what are the respective view-points of the arties and then the extent of my acceptance thereof. In Exhibit 4 the ehabilitation reserves charge that has been conceded by the Union is 1·27 akhs, which is the depreciation set apart by the Company in its balance-heet. It is the contention of the Union that this amount ought to suffice

for the purpose. The Company must be supposed to know its own busine perfectly well. If it really wanted any rehabilitation reserves, it shou have provided for it in its balance-sheet. There is no doubt, some tor in this contention, but I am unable to accept it in view of the decision the Hon'ble Labour Appellate Tribunal expressed on this point. The Lordships in the case of Madhya Pradesh Textile Mills and their workme reported in Labour Law Journal, November 1952, at page 625, have in many words made a distinct provision for rehabilitation of plant a machinery as a prior charge in addition to statutory depreciation. The Lordships have also referred to depreciation by the income-tax authorit as being a percentage of the written down value to be considered as a pri charge in the case of Millowners' Association, Bombay, Full Bench de sion, at page 445, Labour Appeal Cases, September 1952. I quote fro the decision of the Hon'ble Labour Appellate Tribunal in the reported ca of Millowners' Association, Bombay, Full Bench decision, referred above. It runs thus: "The first charge on the gross profits should, ther fore, be the amount of money that would be necessary for rehabilitatio replacement and modernisation of the machinery. As depreciation allow by the income-tax authorities is only a percentage of the written do value, the fund set apart yearly for depreciation and designated under th head would not be sufficient for these purposes." Their Lordships ha further observed in the case of Buckingham and Carnatic Co., Lt reported in Labour Appeal Cases, October 1952, beginning at page 5 It runs as follows: "It is recognised that the ordinary depreciation fu would be inadequate for that purpose for the cost of machines a materials have gone up about three times the pre-war level." In view all these, I turn down the contention of the Union that the yearly depre tion shown in the balance-sheet is synonymous with the rehabilitati charge. This contention was evidently placed by the Union manifes to increase the surplus available for bonus by discarding this item.

Next I consider the view-point of the Company as exhibited in B seri At page 2 of Exhibit B, the Company has given the replacement cost a then against it the remaining life of the machines. Now this can no stand the scrutiny. If the machineries are assessed at their present placement value by increasing the original cost according to the appro time factor, then these machineries should be treated or supposed to h been purchased anew today. If that is the position, then why should remaining life be taken into account and the yearly rehabilitation cha determined? It should be given the full lease of life, viz., 25 years. the Company has committed the error of keeping in mind the original d of purchase and calculates only the life that still remains of the machi though they are supposed to be purchased today. This certainly cannot upheld. So, the entire calculation has been wrongly set forth by the C pany on this head.

Similarly, regarding the buildings, the Company has given a m clumsy calculation as per Exhibit B(1). Why it estimates rehabilitat at a particular figure is not revealed. So, I cannot accept the calculat as set forth by the Company in the Exhibit B series regarding rehabil tion charge.

Thus I am confronted with rather a perplexing problem to calcul the rehabilitation charge myself. I do this, as I have done in other ca I take the total value of the buildings from the balance-sheet Exhibit I take it in terms of lakhs only. The total value stands at 19;86 lak I take the replacement charge at 2·25 of the original cost. This gives 44·58 lakhs. Now this should be reduced by the written down depre tion as per balance-sheet. This depreciation stands at 12·09 lakhs. N

if this depreciation is deducted, then the balance remains at 32·59 lakhs. I take the normal life of the buildings at 30 years. This is what Mr. P. S. Bakhle has taken in the case of Bengal Chemical and Pharmaceutical Works in Bombay, vide *Bombay Government Gazette*, October 11, 1951, at page 5244. Now if this figure is divided by 30, then I get 1·08 lakhs on this head of buildings as the yearly replacement reserve.

Regarding machineries and plant, the total value as per balance-sheet is set down at 35·98 lakhs. This is multiplied by 2·7 to have the replacement value today. This is the accepted multiplier in such cases. This gives me 97·14 lakhs. Now this is reduced by the written off depreciation assessed at 24 85 lakhs. I get the balance 72·29 lakhs. I take 15 years to be the average life of the machines to keep their efficiency and accuracy. This is also the Company's version of the matter. So, I divide 72·29 lakhs by 15. I get 4·82 lakhs. So, the total yearly replacement reserve comes to 1·08 lakhs plus 4·82 lakhs. The total is 5·90 lakhs.

Now this should be reduced by the statutory depreciation of the year. That is admittedly to be 2·24 lakhs. So, the balance I get is 3·66 lakhs. This is the yearly rehabilitation charge that I am prepared to grant in this case.

For the proper understanding of the matter, I set down this calculation of the formula in the form of a chart—

	Lakhs. Rs.
Gross profits	21·93
Statutory depreciation	2·24
	19·69
Bonus already paid	1·30
	18·39
Income-tax paid	7·92
	10·47
6 per cent. dividend on preference shares ..	·60
	9·87
6 per cent. dividend on ordinary shares ..	3·06
	6·81
4 per cent. reserve for 16·5 lakhs ..	·66
	6·15
Rehabilitation charge .. .	3·66
	2·49

So, from the above I get that there is a residue of surplus 2·49 lakhs out of the year ending in 1950. From the balance-sheet I get that after payment of the dividend, etc., 2·51 lakhs have been carried forward to the next year's account, *vide* Exhibit A. Their Lordships of the Hon'ble Labour Appellate Tribunal have not set down what proportion the bonus will bear to the profits arrived at as surplus in the said formula. I think it has been advisedly done, because no hard and fast rule can be formulated for this. It will depend on the Company's financial position and also the

future prospects. I think that out of this 2½ lakhs, the Company can very well afford to pay 1·30 lakhs, which was the amount it has already given as bonus equivalent to one month's basic wage. The Company contends that the bonus if it is now given in respect of 1950, it will be in excess of this figure. That may be, but still the surplus will permit that.

At the outset I have found that the Company was bound to grant extra bonus besides what it has given already. That was found with reference to the dividend and the rise in profit, but now I find that I arrived at the same conclusion by working out the formula of the Hon'ble Labour Appellate Tribunal. Next if I consider what bonus other engineering firms of similar status and position are giving, then as per oral evidence adduced before me, I reach the same conclusion as above. So in all view of the matter, I allow one month's basic wage as extra bonus for the year 1950.

The learned counsel on behalf of the Company has contended that delay has vitiated the claim of bonus by the Union. Of course delay does vitiate the claim of bonus. It was found by Their Lordships of the Labour Appellate Tribunal in Kashi Iron Foundry and others *versus* their workmen in the Calcutta Bench, as reported in 1952 L.L.J., Volume I, page 199 that bonus for past years was rightly rejected. It was not possible to re-open accounts of the previous years. But that was a case where two years bonus was claimed long after they fell due because the Union was formed later on. But here if we look to Exhibit C, we find that as far back as 13th April 1952, this claim for bonus was taken to Government for intervention. It was made long before that. Next if we consider, as I have outlined in the beginning, there were so many Tribunals sitting in judgment over this affair in successive years. It cannot be said that the Union was slow to put up its claim. So, delay in such circumstances should not be a factor such as to defeat the claim. Each case must be decided on its own merits. So, I do not entertain this objection on the part of the Company on the score of delay. Accordingly I grant one month's extra bonus for the year 1950. This is made payable within one month of the Award coming into operation. Though the amount is rather big, I cannot enlarge the time, because the claim is long overdue.

ORDER.

No. 614Dis./D/III-83/52.—24th February 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 2929Dis./D/III-202/52, dated the 31st October 1952, the industrial dispute between Messrs. Indo Pharma Pharmaceutical Works, 71, Ganesh Chandra Avenue, post office Dharamtola, Calcutta-13, and one of their employees, namely, Shri Pravat Kumar Mukherjee of Andul Chowdhurypara, post office Andul Road, district Howrah, represented by himself regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Indo Pharma Pharmaceutical Works, 71, Ganesh Chandra Avenue, post office Dharamtola, Calcutta-13, and one of their employees, namely, Shri Provat Kumar Mukherji of Andul Chowdhurypara, post office Andul Mourie, district Howrah, represented by himself, referred under Government order No. 2929Dis. D/11L-202 52, dated 31st October 1952. (Case No. 184/52.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge Fourth Industrial Tribunal.*

For the Union: Shri P. K. Ghosh, General Secretary, Federation of Mercantile Employees' Union and Shri Patit Paban Pathak.

For the Company: Shri S. C. Chakrabarty, Branch Manager.

By Government order No. 2929Dis./D/11L-202/52, dated 31st October 1952, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Court and they are as follows:—

(1) Bonus for 1951.

(2) Compensation.

The Union filed its written statement on 20th November 1952 and the Company filed its written statement on 2nd December 1952.

The case for the Union is that Shri Provat Kumar Mukherji worked conscientiously and there is no case of complaint against him, that on 26th March he was served with one month's notice terminating his service on and from 30th April 1952, that there is absolutely no reason for his discharge and the grounds advanced are flimsy, that at any rate the worker was entitled to one month's salary per year of service by way of compensation and one month's additional salary for unlawful discharge.

The Company, on the other hand, agreed that the worker was entitled to bonus for the year 1951 but as regards compensation it contended that the demand was not justified specially when the workman has only worked for 2½ years in a minor capacity.

AWARD.

Issue No. 1.

Admittedly bonus Rs. 175 for his one month's salary is payable as bonus for the year 1951.

Issue No. 2.

The Company admittedly has its Head Office functioning at Bombay and has got a small laboratory and they manufacture Pharmaceuticals of their own trade mark. The business is evidently prosperous. The Company has withheld its balance sheets. O.P.W. 1 Chandra Sekhar Chakravarti also

uld not give any idea of the authorised capital of the Company but he ever contended that the Company has no capacity to pay. He also did not ake allegations regarding the quality of work of the incumbent Shri . K. Mukherji. He had to admit that the Calcutta business has since mproved, for its average monthly sale in 1949 was Rs. 4,643, whereas it Rs. 6,900 now. However, if the Company wants to curtail its establish- ent on principle of economy, it must compensate the discharged worker d in these hard days the compensation must be substantial. The worker lso did not grudge the dismissal but only raised the point for compensation the rate of one month's salary per year of service by way of gratuity and xtra one month's salary for illegal dismissal. I do not allow the extra one onth's salary for illegal dismissal but I allow him the full amount of his am at the rate of one month's salary and allowances together amounting Rs 175 per month for each year of service which means compensation for months.

The amounts under this award will be payable within one month from date of enforcement of the award.

SUBODH CHANDRA MUKHERJI,
Judge, Fourth Industrial Tribunal.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Industrial and Scientific Machineries, Ltd., 43, Asu Bose Lane, Howrah, and their workmen represented by the Industrial Scientific Machineries Mazdoor Union, 1/1, Badan Roy Lane, Kadamtola, Howrah.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

Present for the Union: Shri Keshab Singh Roy.

Present for the Company: Shri T. P. Mukherjee, an Assistant of the Company.

AWARD.

By order No. 2007Dis./D/10L-96/52, dated the 20th July 1952, the Government of West Bengal, Labour Department, referred the abovementioned dispute to me, constituted the Sixth Industrial Tribunal under notification No. 3521Lab., dated the 9th June 1951, for adjudication, under section 10 of the Industrial Disputes Act, 1947, regarding the matters specified in the schedule below:—

SCHEDULE.

"If the closure of the firm is justified and to what relief the workers are entitled as a result thereof.

The dispute arose over the closure of the Company's factory and the termination of services of 17 (seventeen) workers of the factory in consequence thereof. The Company closed down its factory on and from 6th June 1952 by a notice, dated the 5th June 1952. The workers approached the Management and appealed to them for not closing down the workshop suddenly in the way it was done. They held a meeting in which a resolution was passed requesting the Company for withdrawal of the notice and for keeping the workshop open. The matter was thereafter taken up to the Assistant Labour Commissioner, Howrah, and through his intervention, an

attempt was made for conciliation and settlement of the dispute. The Assistant Labour Commissioner and Conciliation Officer, Howrah, proposed the following terms of agreement, namely:—

(*i*) Arrear pay up to 5th June 1952.

(*ii*) Notice pay for a month.

(*iii*) Gratuity at the rate of 15 days per year of completed service and 7 days' pay for a period over six months.

(*iv*) The arrear wages up to 31st May 1952 were to be paid immediately.

The workers represented by the Union agreed to the proposed terms, but the Management was not agreeable to accept these terms. The proposed settlement having thus failed, the dispute has been referred for adjudication.

The Union alleges that there was normal work in the factory and the Company had a lot of pending orders to execute at the time when the factory was closed down all on a sudden. The Company's financial position was also stable and sound. Although the Company has since leased out the workshop, orders, permits for coal, iron, etc., are still being received in the name of the Company. So, it is contended, the Company is in a position to carry on the business with the workers thrown out of employment. The Company, on the other hand, contends that it closed down the factory for want of business and funds. The factory has since been leased out because the Company was unable to run the factory for reasons stated. The Company has filed a copy of the lease (Ext. B) which shows that the factory has been leased out at a rent of Rs. 500 per month for a period of 5 years to Messrs. General Engineering Industries, having its registered office at 5-6, Hare Street, Calcutta. The lease clearly provides that the lessee is to pay ground rents, taxes and other impositions they may be levied in respect of the demised premises and payable by the lessee but the lessee shall in no case be made liable for the liabilities, if any, incurred by the lessor in respect of the demised premises. It is also expressly provided that the Company is to hand over the entire quantities of pig iron and hard coke due to be delivered to it against its outstanding orders, on the lessee paying actual costs incurred therefor and on terms and conditions as might be agreed upon. That explains the reason why orders, permits, etc., mentioned in the Union's written statement were still being received in the name of the Company. In support of its contention the Company has produced a copy of its balance-sheet with manufacturing, profit and loss accounts for the year ended 30th Chaitra 1356 B.S., corresponding to the 13th April 1950, audited by Messrs. K. C. Roy Choudhury & Co., Chartered Accountant (Ext. C). Copies of 2 more balance-sheets with manufacturing and profit and loss accounts for the years ended 31st Chaitra 1357 corresponding to the 14th April 1951 and 31st Chaitra 1358 B.S., (Exts. C1, C2), have also been filed. These balance-sheets go to show that the Company suffered loss of Rs. 12,191 in 1950. In 1951, the Company had made a profit of Rs. 7,046, but this being adjusted against the loss of the previous year, the Company suffered a nett loss of Rs. 5,148 up to that year. In 1952, the Company suffered a further loss of Rs. 2,756. So the total loss up to that year was Rs. 7,904. Rs. 909 paid as income-tax being added, the Company worked out its loss in 1952 at Rs. 8,814 and odd as against a working capital of Rs. 25,000 only. Correctness of these balance-sheets has not been challenged at the hearing. These balance-sheets exhibit at least an approximately correct state of financial position of the Company at the time when it decided to close down the factory. The financial position of the Company as revealed in these balance-sheets being thus undoubtedly unsound, the Company

ision to close down the factory was neither unfair nor *mala fide*. The npany having since leased out the factory for a period of 5 years, the sure was evidently for an indefinite period with no present intention to pen the factory in the near future. The terms of settlement suggested the Conciliation Officer to which the Union was agreeable, were based on assumption that the Company's decision to close down the factory was *bona fide* trade reasons. The Union does not allege that the Company sed down the factory with any ulterior or *mala fide* motive. In the umstances, I find no hesitation to hold that the closure of the firm is *a fide* and justified.

One of the prayers of the workmen is that the Company should be pected to run the factory as usual and the workmen should first be pro-ed with work in that factory. Since the Company has decided not to carry the business and that for *bona fide* trade reasons, it is not within the mpetence of the Tribunal to ask the Company to restart the factory. The mpany has also leased out the factory. So, the question of reinstatement s not arise and the claim on that head stands rejected.

There cannot be any dispute regarding payment of arrear wages up to June 1952. The Company averred that the workmen were already paid ges up to and including 5th June 1952, *i.e.*, the day before the closure. to the demand of the workers for notice pay for a period of one month l gratuity in terms of the Conciliation Officer's proposal for settlement, Company is opposed to the demand because the workers are daily rated ing been employed on daily wages and "no work, no pay" basis, and ause there is no system or provision for payment of gratuity in the Com-y. The Company is however prepared to pay 7 days' wages in lieu of ice, which it contends, is the usual practice in such cases. Even in cases justified closure and consequent retrenchment, the workers, who are renched for no fault of theirs, ought to get some retrenchment relief for n sustenance during the period of forced unemployment. Not only sonableness of the demand of the workers but the extent of the Company's acity to meet the obligations should be considered. The period of 7 days, ich is the usual period of notice in case of daily-rated workers, is too short eriod to enable the discharged workers to find out any suitable alternative

As I find, the Company's financial position was bad at the time of the sure of the factory. There is nothing to show that it has improved since en. The Company's only income at the present moment appears to be monthly rent reserved in the lease, which is Rs. 500 per month. Both ties having submitted charts showing the period of service rendered by h of the workers in the Company up to the date of the closure I would ider to accept the Company's chart (Ext. A), as it is presumably based on ords. It appears that 3 workers were in the Company's employment for r 6 years, 3 for over 5 years, one for 3 years, one for 2 years, one for 6 nths, one for 4 months and the remaining 7 for over one year. Having ard to the financial capacity of the Company and the circumstances of the e I think it would be fair to both parties to direct the Company to make following payments to the workers concerned in this dispute, in addition their due wages up to 5th June, 1952, viz.:—

(i) Notice pay—Seven days' wages (basic).

(ii) (*a*) Those who worked up to one year—One week's wages (basic).

(*b*) Those who worked for more than 1 year up to 3 years—Three weeks' wages (basic).

(*c*) Those who worked for more than 3 years—Six weeks' wages (basic).

These payments are to be made within a month from the date of th award being enforceable. I make my award accordingly.

SCHEDULE.

Whether the Management should pay any bonus for 1951, and if so, at what rate?

The parties appeared on notice and submitted written statements of their spective cases, the written statement on behalf of the employees being ed by the McNeill & Barry Employees' Union who claims to represent the erical employees of the Company and is hereinafter called the Union. The arden Reach Workshop, Ltd., herein referred to as the Company, is a rkshop doing mainly repairs to Deep-Sea and inland vessels. Formerly was under the managing agency of Messrs. McNeill & Co. In 1949 two mpanies, Messrs. McNeill & Co. and Messrs. Barry & Co., were amal-mated. The newly formed Company Messrs. McNeill & Barry, Ltd. has come the managing agent since then. After that amalgamation the mem-rs of Messrs. McNeill Employees' Association and Barry Employees' Union ited and formed themselves into McNeill & Barry Employees' Union which presents the clerical employees of the Company concerned in this case. e Company's Head Office is located at No. 2, Fairlie Place which has been so the office of the managing agents from before the Union of the two mpanies mentioned above. The Garden Reach Workshop, Ltd., was cluded in the list of Engineering Industries, the disputes concerning which re referred to the Major Engineering Tribunals. The award of the first gineering Tribunal was published in the *Calcutta Gazette, Extraordinary*, ted the 3rd July 1948. The Major Mercantile Tribunal set up by the overnment under the Order of reference No. 135, dated the 17th January 49 adjudicated upon previous disputes between Messrs. McNeill & Co. and essrs. Barry & Co., and their respective clerical and subordinate staff mong others, and its award relating to these Companies was published in e *Calcutta Gazette* on 9th June 1949. After the publication of that award e Union claimed that the clerical staff of the Garden Reach Workshop ght be given the same benefits as were given to the direct employees of the anaging agents, although they were not parties to that award. The dispute garding that and other matters was referred to Shri M. C. Banerji, Judge, dustrial Tribunal, for adjudication under Government order No. 222Dis./ 101L.-18/51, dated the 8th November 1951. Prior to that reference there d been discussions between the Company and the Union, and in one of such etings held in September 1951, the Company informed the Union that nus would not be paid for the year 1951. The Union requested the Com-ny and the managing agents by letters to reconsider their decision regard-g bonus, and also took up the matter to the Labour Directorate asking for intervention. A joint conference was arranged by the Conciliation ficer sometime before the Pujas. In addition to bonus the Company used advance to its clerical staff before the Pujas, one month's basic pay coverable in equal monthly instalments. Before that joint conference the mpany had given the advance of one month's basic pay to its clerical staff the factory and 2½ months' basic pay to its clerical staff at the Head Office. e managing agents had allowed to their own employees 1½ months' wages way of bonus and also advanced 1 month's wages to be recovered in e. At the conference the Company agreed to make a further advance of months' basic pay to its clerical staff at the factory, and made that further vance accordingly later. The first advance of one month's basic pay was bsequently recovered by instalments from October 1951 to January 1952. en on 24th February 1952 the Union wrote to the Labour Directorate clusion of the issue of bonus also in the Order of Reference, dated 8th

November 1951 and to stop recovery by the Company of the amount of th second advance of 1½ months' wages until adjudication and publication of th Tribunal's award. Thereafter, the present reference was made to th Tribunal. This is, in short, the history of the dispute referred for adjud cation.

I may now turn to the issue raised for adjudication, viz., whether th Management should pay any bonus for 1951, and if so, at what rate.

The Company paid bonus to its workshop clerks from 1941 to 1945, an after a break in 1946, again from 1947 to 1950 at varying rates, namel ½ month's basic pay for 1941 and 1942, one month's basic pay for 1943, months' for 1944, one month's for 1945 and one month's pay for each of t years from 1947 to 1950. No bonus was paid in 1946. The Company a did not pay bonus for 1951. The Company's case is that it paid bonus the clerical employees during the prosperous years, but it did not pay bon for 1951 as it suffered very heavy losses in that year. The claim of bonus f 1951 is according to the Company not tenable. The Union's contention, the other hand, is that the clerical staff at the Garden Reach Workshop h been receiving the same scales of pay, dearness allowances and bonus as t clerks of the Company at its Head Office and also the clerks of the managi agents Messrs. McNeill & Barry Co., Ltd., and so they should be paid bon at the same rate as was paid by the managing agents to their clerical st for the same year, 1951. The clerks at the workshop were to be govern by the Major Engineering Tribunal's award. But the Company had decid to pay them emoluments on the same principles as were applied to the c of the employees of Messrs. McNeill & Barry Co., Ltd., in the award of t Major Mercantile Tribunal. It appears that on this ground the worksh clerks were allowed adjustment of pay in the grades as set forth in the Ma Mercantile Tribunal's award for the employees of the managing age Messrs. McNeill & Barry Co., Ltd., but they were held not entitled adjustment of salary on the basis of the agreement concluded betwe Messrs. McNeill & Barry Co., Ltd., and their clerks after the publication that award. (*See* the award of Shri M. C. Banerji, published on June 1952.) The Major Engineering Tribunal had disallowed the claim for bon The Major Mercantile Tribunal's award had excluded the claim for bon from adjudication on the ground that demand had been made for pr sharing bonus and it was subsequently abandoned. The Union's claim payment of bonus to the clerks of the Company at the workshop and at Head Office as well as to the clerical employees of Messrs. McNeill & Ba Co., Ltd., under a uniform system cannot be supported on the basis of previous awards. The Union can insist on the clerical staff of the Compa sharing the same bonus as was paid to the direct employees of the managi agents Messrs. Mcneill & Co., Ltd., on no other principle inasmuch as bon is dependent on profits earned by the two Companies individually T clerical employees of the Company are getting, it is said, the same emo ments as its clerical staff at the Head Office and also those in direct emplo ment of the managing agents on the basis of the Mercantile Tribuna award which has given effect to in their cases also. But bonus is cash p ment made to employees in addition to wages. It differs from wages in th it does not rest on contract, though payments for bonus are made becau legally due, but which the parties do not intend to continue indefinite (*See* full Bench decision of the Labour Appellate Tribunal in Millowne Association, Bombay, *versus* Rashtriya Mill Mazdoor Sangh, 1952 L.A page 533.) So, the Union's claim for bonus so far as it based on the grou of bonus having been paid for the same year to the employees of t managing agents must fail.

The Company did not pay bonus to its clerical staff at the Head Office for the year in question, but it advanced 1½ month's pay in addition to the usual annual Puja advance of 1 month's pay in the same manner as such advance was given to the clerical staff of the workshop. The Union's case is that this additional advance of 1½ month's pay was agreed upon at the joint conference, pending the final decision of the Tribunal on the question of bonus for 1951. This the Company repudiates. It says that the question of bonus for the year 1951 was discussed at the conference together with the other issues then under dispute. But as the Company proved satisfactorily that no bonus could be paid for 1951 owing to heavy losses suffered by it, the Assistant Labour Commissioner declined to refer the question of bonus for adjudication. On his recommendation however, the Company agreed to advance 1½ months' basic wages to the clerical staff to be recovered by monthly instalments, provided the clerical staff was prepared to give up their claim for bonus for 1951. The clerks having agreed, the Company advanced 1½ months' basic wages to them in pursuance of that agreement. I have gone through the conciliation proceedings which helped to throw no light on any of these two versions. I find that there had been no agreement either way, and the issue of bonus was referred for adjudication. The Union urged 2 points for consideration in regard to the said additional advance. It is said that the Company has by making no recovery in respect of the additional advance of 1½ months' wages allowed the clerical staff of the Head Office to enjoy the same as bonus. It is urged that the additional advance of 1½ months' basic wages should be applied towards bonus in the same way in the case of the clerks at the workshop also. The second point is that the Company having found money to make that advance, it should be held to have sufficient fund in its possession to pay bonus to the extent of 1½ month's wages. It appears from Ext. B that on a representation being made by the clerks the Company had agreed to defer the recovery of the 1½ months' advance (1951) until the Tribunal had published its award and its right to recover the advance at any time in future was expressly reserved. It cannot be said that the clerical staff of the Head Office has been allowed to appropriate the 1½ months' advance towards bonus to be paid to them for 1951. Bonus is entirely different from advance. Advance is recoverable by deductions from pay, but bonus is not. It is not difficult for a Company, rather it is usual for a Company doing business, to carry on with overdrafts and loans. From the fact that the Company paid such advance, it does not therefore follow that it has not suffered loss and is in a position to pay bonus which is payable out of profits.

The Company has produced its half-yearly balance-sheets from the half-year ended 31st March 1949 to the half-year ended 31st March 1951. These balance-sheets tend to show that there has been a downward trend in the Company's business at the workshop. The Company made a profit to the extent of Rs. 18,79,528-6-11 pies during the year ended 31st March 1950, the Company suffered loss to the extent of Rs. 14,75,084-14-7 pies including depreciation. There was Rs. 4,04,443-8-4 pies available for distribution out of the balance at the credit of profit and loss account, and this amount was carried forward to the profit and loss account. But the Company's loss during the second half year ended 31st March 1951 amounted to Rs. 10,40,286. By making certain adjustments the figure of loss was finally reduced to Rs. 1,30,058. This wiped out the amount which was available for distribution at the end of the first half year ended 31st September 1950, and reduced the balance of profit in the profit and loss account to nil. It has been pointed out on behalf of the Union that Rs. 25,00,000 was shown as advance against new construction in the balance-sheet as at 30th September 1950. But in the balance-sheet as 31st March 1951 under the same head Rs. 5,50,000 is shown. The difference of Rs. 19,50,000 has not been shown as adjusted

in the balance-sheet. The Company's explanation is that the difference was probably adjusted against bills of works completed in that year. Another point which was urged was that in the previous years there were gross profits on the repair and manufacturing account, but there was loss as shown in the second half year's balance-sheet ended 31st March 1951. The Company's explanation is that that might be due to loss of trade out of India. In course of arguments it was admitted on behalf of the Company that the method of valuation of work in progress had been revised as shown in the balance-sheet ended March 1951 but the basis for preparation of accounts has been the same. The result of adjustment due to revised method of valuation has been shown in the balance-sheet as already mentioned. Assuming that there are these defects in the balance-sheets as pointed out, it would not improve matters. For, incorrectness or unreliability of balance-sheets would be no justification for the claim of bonus as it is for the workmen to establish by evidence that there was available surplus profit from which bonus could be paid. The items that have been challenged, even apart from the explanation given by the Company, do not raise more than a mere suspicion. I am not satisfied that there are good grounds for rejecting the balance-sheets or for coming to the conclusion that profits have been concealed by the Company as alleged by the Union. If the balance-sheets be accepted and I see no reason why they should not, it is evident the Company suffered loss during the year ended 31st March 1951. The claim for bonus for 1951 is therefore not tenable.

It has been argued on behalf of the Union that the Company made a profit in the year 1952 and granted bonus for that year. On behalf of the Company, it is pointed out that it effected economies by reducing the strength of manual workers from 7,500 to 4,000 and increase in inland vessel repairs effected some improvement in its business. The Union urges that the loss, which the Company suffered during the year 1950-51 was but a temporary passing phase of its business, and so the Company ought not to object to pay bonus which has become a condition of service or a term of employment of its employees. But it is a basic principle that bonus is payable from the profits of the year in question, and for payment of bonus in a particular year the consideration of the Company's prosperity in the past or future is irrelevant.

Learned Counsel Mr. Choudhury appearing for the Union has further contended that what the Union claims in this case is Puja bonus which was paid to the clerical employees of the Company every year on the eve of Pujas to meet their seasonal emergent expense during the Pujas. It was never linked with profit or loss made by the Company and it was a condition of service in this Company. No such case was made out by the Union in its written statement. The case of the Union as disclosed in its letter to the Assistant Labour Commissioner, dated 16th February 1952 (Annexure "C" of its written statement) was that for the last 10 years or so prior to 1951 the clerical staff of both Messrs. McNeill & Barry Co., Ltd., at 2, Fairlie Place, and Garden Reach Workshops Office at 43, Garden Reach, had all along been enjoying the Puja bonus in the same line. The Puja bonus was never based on Garden Reach Workshop's profit or loss, or else annually that would have varied proportionately. It had no connection with bonus allowed to the Garden Reach Workshop's workers. The Company in its letter to the Assistant Labour Commissioner, dated 28th February 1952, contended that grant of bonus to the clerical staff was never a part of their service condition. As I have pointed out before, the Company's case is that no bonus was paid to its clerical staff in the year 1946. It is not stated that bonus in 1946 was withheld because the Company had suffered loss. On behalf of the Union it was stated during arguments

at in 1946, instead of bonus an increment of 1/12th of a month's pay was ven every month during the year, so that 1 month's pay was paid extra each member of the clerical staff. The Company was not in a position ther to affirm or to deny the correctness of that statement. It has been gued on behalf of the Union that in 1946, labour trouble was acute but e Companies were contending that bonus was not a condition of service, t an *ex-gratia* payment. So instead of paying bonus, the Company made extra payment of 1 month's pay during the year. The Company how- er found that the position taken by it was untenable. So, it again started aying bonus from 1947. The result is, according to the Union, that the ompany paid bonus to its clerical employees every year for over 10 years om 1941 to 1950 including 1946. Assuming that this was so, there are ot sufficient materials before me for coming to a conclusion as to the nciple upon which bonus was paid by the Company. The Company's se is that they paid bonus to its clerical employees during the prosperous ars which is not eliminated by the fact of payment of bonus for over last years. As it has been observed by their Lordships of the Labour ppellate Tribunal in Mahalaxmi Cotton Mill Limited Co. *versus* lahalaxmi Cotton Mills Workers' Union (1952 L.A.C., page 370), Puja onus is irrespective of any profit or loss of the year. Being a term of nployment, it is claimable as a matter of right, the right being based on greement which may be either express or implied. The right to Puja bonus ust be established by proof of an agreement express or implied. For imply- g from past practice an agreement to pay Puja bonus the practice must unbroken and for a sufficiently long period to exclude the hypothesis of ouncy. It is not possible to say in general terms what should be the length the period. It would depend upon circumstances of each particular case, at the fact that the payments had been made even in a year of loss would an important factor on the question as to whether the payments were mere ts of bounty or an obligation on the part of the employers. In the case fore their Lordships, there was evidence which showed that bonus had en paid for a number of years regularly and without break at varying tes prior to 1949 in spite of losses suffered by the Company, and this bonus as different from another type of bonus which was paid when the Company rned profit. The same distinction was noticeable in the agreement in iting which the parties entered into on 14th September 1949, and in which ovisions were made for 2 different types of bonus, one being "Due bonus" nd the other "Puja bonus". But in the present case, barring the fact at the bonus was paid for about 10 years, there is no other factor to suggest at the payments made were made in terms of an agreement express or plied. In similar circumstances their Lordships held that bonus was not condition of service, nor was it a customary bonus. (*See* 1952 L.L.J. II, ge 324.) It is to be noticed that the manual workers of the workshop are t paid bonus in the same way or from the same time as the clerical nployees. The Company has a system of giving advance of 1 month's ry pay to the clerical employees at Puja times, which is recovered in stalments from their monthly pay. This advance is made obviously to able the clerical employees to meet their seasonal emergent expenses during e Pujas. This may not be the consideration on which bonus was paid ough it was paid at Puja times. It is not shown that the Company ever id bonus even in a year of loss. It has been argued that the Company id bonus in spite of loss in 1949. But I am unable to say that this was

In the half year ending 30th September 1949, the Company suffered a all loss of Rs. 10,054 only but the loss was made up during the second lf year ended 31st March 1950, and there was a balance available for stribution. This was the case in the year 1949-50. The balance-sheet ded the 31st March 1949, also showed a good profit. So there is no proof at the Company paid bonus in spite of loss in any year. That material

factor is absent in this case. Then according to Company's case there w a break in 1946 and the Company did not pay bonus uniformly for 10 yea as the Union contends. The payments were made at varying rates and may not unreasonably be contended on behalf of the Company that the rat varied according as the amounts of profit varied. In the circumstances am unable to hold that the Union has established its right to get bonus f 1951 as yearly Puja bonus based upon an agreement, in spite of t Company's loss. As I have already said, the employees are not entitled get bonus for 1951 as such bonus is payable out of profits, and the Compan has suffered substantial loss in its business during the year in question am therefore of opinion that the Management cannot be compelled to p any bonus for 1951, and the question of rate of such bonus does not ari This is my award.

AWARD.

The original reference in connection with which the present proceeding under section 33A of the Industrial Disputes Act, 1947, as amended in 1950, has arisen, was made under Government of West Bengal, Labour Department, order No. 2001Dis./D/11L-168/52, dated 28th July 1952.

During the pendency of the adjudication proceedings the complainants Ramprosad Bhagat and four others were discharged by their employer Messrs. Khaitan Sons & Co. (Fibre), Ltd., with effect from 2nd August 1952. The complainants alleged that the Company had discharged them in violation of the provisions of section 33A of the Industrial Disputes Act. The Company, on the other hand, contended that the provisions of section 33 of the Industrial Disputes Act were not violated and the complainants had waived their claim (which is denied).

I need not enter into the merits of the matter as there has been an amicable settlement between the parties in the main case, one of the terms of which is that the present complaint under section 33A of the Industrial Disputes Act filed by Ramprosad Bhagat and four others stands withdrawn. The agreement to withdraw the application under section 33A is embodied in clause (3) of the memorandum of settlement, which forms part of this award and is marked Annexure "A". I make an award in terms of the said clause (3) of the memorandum of settlement accordingly.

AWARD.

By order No. 2474Dis./D/111-34/52, dated the 3rd September 1952, the Government of West Bengal, Labour Department, referred the dispute to me, constituted the Sixth Industrial Tribunal, for adjudication under section 10 of the Industrial Disputes Act, 1947. The matter for adjudication specified in the schedule to the order of reference is:—

Schedule.

(1) Wages for the period of closure from 21st January 1952.

After the publication of the Major Engineering Tribunal's award in July 1948, the abovenamed Companies under the Management of Messrs. Associated Industrial Development Co., Ltd., entered into an agreement with their workers in September 1948 for a period of three years up to August 1951. After the expiry of the term of that agreement the Union submitted a charter of demands by its letter, dated 21st November 1951. The Companies called a bi-partite conference which was held at the Head Office on 4th June 1952. No settlement was, however, arrived at in that conference. The Companies closed down their factories with effect from 21st January 1952 on the allegation that the workers had adopted "go slow" tactics from the 5th January, and as a result thereof, the Companies had to suffer losses to the extent of approximately Rs. 25,000 per day. There was conciliation for settlement of the dispute which had thus arisen and in pursuance of an agreement arrived at on 6th February 1952 through the intervention of Conciliation Officer, the Companies re-opened their factories on and from 11th February 1952. The dispute regarding wages of the workers for the period of stoppage of work was not, however, settled and it forms the subject matter of the present reference.

Thanks to both parties, the dispute has been amicably settled between them after great deal of discussions with the representatives present on both sides. I need not therefore enter into the merits of the matter. The terms on which agreement has been entered into by the parties in amicable settlement of the dispute are set out in the memorandum which is incorporated in the award as Annexure "A". I am satisfied that the compromise is *bona fide* and the terms are fair to both parties. The compromise is accepted. I make my award in terms of the agreement.

Taken at my dictation and corrected by me.

ANNEXURE "A".

In the matter of an industrial dispute between Messrs. Associated Industrial Development Co., Ltd., Managing Agents for the National Insulated Cable Co., India, Ltd., National Rolling Mills, Ltd., National Pipes & Tubes Co., Ltd., Hindusthan Wire & Metal Products, Ltd., and Indian Conduit Pipes, Ltd., Shamnagar, 24-Parganas, and their workmen represented by A.I.D., Shamnagar Works Union.

TERMS OF AGREEMENT.

The Company maintains that the closure from January 21, 1952 to February 10, 1952 was justified, but the Union considers that the justifiability and/or otherwise of the closure need not be gone into. In the interest of peace and as a gesture of goodwill, it is agreed that an amicable settlement should be arrived at. So the question is left upon in the greater interest of peaceful and harmonius working in the factories.

It is agreed that the Company will pay half basic pay and half dearness allowance for the period of stoppage of work, that is, from 21st January 1952 to 10th February 1952, in accordance with the existing rules applicable to the daily and monthly rated workmen who were in the Company's employ at the time of the closure. The payment is to be made within a week from the date of agreement.

Industrial dispute between Messrs. (Case No. 169/52.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the workmen: Shri P. K. Sanyal, Advocate, with Shri Nikhil Ranjan Roy, Pleader.

For the Company: Shri R. L. Maitra, Deputy Legal Adviser of the J.M.A., instructed by Shri Janakiram and Shri S. L. Banerji.

By Government order No. 2813Dis./71-57/52, dated 21st October 195 the aforesaid dispute was referred to this Tribunal for adjudication. Th issue framed by the Government is the same as framed by this Court and to this effect:

(1) Whether the dismissal of Somraj Tanti is justified; to what relief he entitled?

On receipt of the Government reference, notice was issued to the parti The Union filed its written statement on 7th November 1952 and the Co pany filed its written statement on 27th November 1952. The case was tak up for hearing on 8th January 1953. I visited the factory and its Co Line.

The case for the Union is that one Pairi Tali Madrasini who is a wo man in the aforesaid mill had been in the keeping of Mahabir Sardar w is the Head Sardar of the Jute Department, that Labour Officer of t aforesaid mill along with some other workmen used to frequent the pl where the said Mahabir Sardar used to live with his said mistress, that t moral conduct of the said Pairi Tali Madrasini having been objected to some workers along with Somraj Tanti, the latter was threatened with assa and eviction from his quarters by the said Mahabir Sardar, Labour Offi and their associates, that thereupon on 1st of February Somraj reported t matter to the local thana and applied for and obtained a warning order fr the Subdivisional Officer, Barrackpore, against Mahabir Sardar, Labo Officer, Pairi Tali and others. Thereupon on 8th of February the employ dismissed the said Somraj Tanti. In June 1952, Thakur Prosad and Trim made two affidavits in which they disclosed the conspiracy that was hatch by the said Pairi Tali and others for dismissal of Somraj.

The Company, on the other hand, in its written statement contended th on 31st January 1951 there was a disturbance in the workers' quarters and was found on enquiry that Somraj Tanti was the aggressor, that thereup a charge-sheet was issued against him but he refused to accept it or to su mit explanation called for, that thereafter he was dismissed under secti 14(*c*)(*c*)(*iii*) of the Standing Orders after proper enquiry, that at the time occurrence a Tribunal was pending but no order was made by the Tribu before it was *functus officio* and hence finally the worker was dismissed und the aforesaid section of the Standing Orders.

AWARD.

We are having two versions of the occurrence now. One version giv by the worker Somraj who says that Mahabir Sardar, Labour Officer and or 3 others used to drink in the room of Pairi Tali in the Line. Somraj pr tested to it and at this Labour Officer gave orders, whereupon Pairi T caught hold of him and Mahabir Sardar assaulted him, Tantia, Trimat Thakur Prosad and Appal also assaulted him. Thereupon he made a dia at the thana at 9 p.m. and on the next day lodged a complaint in t Criminal Court. The other version is that Somraj Tanti was in the habit drinking and creating disturbance in the Cooly Line. On the date of occ rence at 5 p.m. he was abusing local people in a state of drunkenness. Trimat Thakur, Prosad and others requested him to be orderly. At this Somr threw fist at them and when they opposed he brought out pepper powd from his room and threw into their eyes in presence of the Line Sard Next morning complaint was made to the Labour Officer and the Manage Labour Officer held enquiry and reported to the Manager. Thereupon

rge-sheet was issued. Somraj refused to accept charge-sheet and submit lanation. Thereupon Manager on making enquiry found Somraj guilty er section 14(*c*)(*v*)(*iii*) of the Standing Orders and dismissed him. It contended by the Union that the above case of the employer is not stated he written statement and it cannot, therefore, be taken into consideration. doubt the written statement is a brief one and it is not faulty because clearly stated that it was found that Somraj Tanti was the aggressor ng the disturbance in the Cooly Line. Be that as it may, it cannot give to any suspicion in our mind regarding this story because a detailed ement on this point was mentioned within two days after the occurrence re the Tribunal which was pending when the occurrence took place. meets the criticism of the Union regarding want of detailed statement he case in the Union's written statement.

Before examining the actual evidence on the point adduced by the parties ill deal with the criticism advanced by the employer against the written ement of the workmen. The written statement in fact shows that there bsolutely no consistency in the various statements of the workers made time to time since the occurrence or rather the written statement lered the falsity of the case palpable. Within the four corners of the ten statement there is no iota of statement that Labour Officer used to k with Pairi Tali and Mahabir Sardar or that the Mill Manager used hare their company. It is simply stated in paragraph 4 that the Labour er used to frequent the place where Mahabir Sardar used to live with mistress. Then again, within the four corners of the written statement e is no allegation that Somraj Tanti was assaulted by Trinath and Thakur sad On the contrary, the story of assault is falsified by the statement Somraj Tanti was threatened with assault and eviction from his quarters Mahabir Sardar, Labour Officer and their associates. The story that on same night at 9 p.m. a diary was lodged in the thana is falsified by graph 6 of the written statement to the effect that on 1st of February Somraj Tanti reported the matter to the local thana. It is also palpable the nature of the criminal case filed on the next day is consistent with story of threatening given in paragraph 5 of the written statement rather the story of assault. Further it is admitted that Somraj simply applied obtained a warning order from the Subdivisional Officer. This shows the story of assault was not there but Somraj proceeded on the footing he alleged threatenings. Again it is a significant fact that diary which made to the thana on 31st night or on 1st is now being withheld from rt

Next I will deal with the petition of complaint before the criminal court. hin the four corners of it there is not an iota of statement that Labour er or the Manager used to drink in the house of Pairi Tali. What is d in it is that the Labour Officer used to indulge in objectionable mixing Mahabir Sardar. This may imply that the mixing intimately with a rdinate officer was objectionable on the part of the Labour Officer. So not far to see whether it is Labour Officer or Somraj who is really the ty man. Further the statements in the written statement as also in the ion of complaint and elsewhere show that things like these used to recur. s not seem to me to be probable that the Labour Officer or the Manager carrying on these things merrily out of the sight of the superior officers. he other hand it is possible that such excesses recurred on the side of raj till something serious took place which required taking steps. The ion of complaint gives a further story that Somraj and his wife were lted and to that effect a diary had been lodged at the thana. But I ot get such a story from the witness. Further we get from it that Thakur ad made this assault himself and others on the plea that he had been

abused but here the story is that under order of the Labour Officer, Thaku Prosad, Trinath and Mahabir assaulted Somraj. The fact that Somra simply prayed for a warning by means of a petition before the Subdivisiona Officer and a warning order only was issued shows that Somraj himself di not give any importance to the alleged assault. But it appears tha as time rolled on he became highly irritated when the company charg sheeted him and proceeded to take serious notice of his actions. The writte statement shows that shortly after filing of the case Somraj went to th length of making a complaint before the higher authorities against th Labour Officer and the Manager with vilest allegations. But Somraj d not venture to prove this petition before me. My attention to it was howev drawn by the other side and although it was objected to by the learn Advocate for Somraj himself I think that the document filed by him can referred to by the other side and admitted in evidence for doing justice to t case. This petition again shows various slips and divergences in the Union case. Here it is stated that Mahabir used to drink in a shop room company with Labour Officer, Pairi Tali and others. But Mill Manager w not dragged into scene though in the next paragraph he has been drawn a viler scene in which it is stated that Pairi Tali takes the wife of t complainant and his aged daughters to Mahabir Sardar and Badal Babu a through them to the Manager of the Mill. It shows that in the feat of ang the petitioner did not hesitate to go to the climax and he went on developi upon his case for some time till he was called to court to face facts. So wh filing the written statement he did not venture to repeat these allegatio He gave up implicating the Mill Manager whom he previously implica with the ultimate object of saving his skin after charge-sheet was serv on him. But in the written statement he simply implicated the Labo Officer as without it he cannot give some amount of force to his case. appears from evidence of unimpeachable character that on the morning the next day Line Jamader came and reported to the Manager that Som was again causing trouble in the Line that he was abusing the workers a assaulted two of them, namely, Thakur Prosad and another. At this Manager sent for the Labour Officer. By that time some 30 work surrounded his office and met him and narrated the same story. Thereu he asked the Labour Officer to make an enquiry. The Manager also s that he saw with his own eyes that Thakur Prosad had injuries in his e He therefore sent him to the mill doctor for treatment. According to h it was an abnormal occasion and so he permitted the workers to see h and speak about their grievance. The Labour Officer also stated that he the workmen in front of the Manager's office and he heard the compl that was made to the Manager and immediately he proceeded to the L for enquiry in company with some members of the Works Committee called the Line Jamadar and by enquiry he was satisfied that Somraj the aggressor and he accordingly made report to that effect. As Lab Adviser drafted the Union's statement from this report he simply wr that Somraj was the aggressor. This is how the written statement brief on this point. Be that as it may, on receipt of a report of the Lab Officer, Manager asked him to prepare charge-sheet, and this was prepa on that very date. It was suggested that it was prepared on the 2nd a the date was subsequently changed into 1st of February. The Lab Officer denied this. I accept his version and I am satisfied that the a gations against the Labour Officer and the Manager are quite false. story was evidently concocted for the purpose of imputing a motive on part of the Manager and the Labour Officer for victimising Somraj s such story is altogether unreliable. But failing to prove that motive it suggested in the last resort that the Manager has deposed falsely to s the Labour Officer. But this view is also not tenable. On the other ha it is evident that on getting the charge-sheet the workman Somraj

ious and stated any and everything against the Labour Officer and the nager to vindicate his wrath. I, therefore, see no reason to disbelieve statement of these two gentlemen that on the next morning complaint made by Trinath and Thakur Prosad regarding the assault and the owing of pepper powder and the Manager himself saw the uries caused by the pepper powder on the eyes of Thakur Prosad got him treated by the mill doctor. It is admitted in the davit filed by Somraj that a false certificate was obtained from the mill tor to the effect that Thakur Prosad and Trinath had been beaten by raj. The obtaining of the certificate being admitted and its falsity not ng proved this is another corroboration of the Manager's statement that the s of Thakur Prosad was injured by throwing of pepper powder. This lso a proof of the fact that Somraj assaulted these men and it falsifies story that Somraj or his wife was assaulted by Thakur Prosad and nath. Persons who made the two affidavits have been examined and it clear from their statement that there were sufficient motives which led m to make the affidavits. Trinath admits that he gave up his job of Company some time later. If he had been a man of the Manager he uld not have met with this pass so shortly after he obeyed the Manager beat Somraj according to his orders. Thakur Prosad also does not pear to be in the good book of the Manager or to be obliged to him as eged. On the other hand, this indicates the motive why they have jured against the Company and why they filed these affidavits criticising conduct of the Company. The trend of the statements in the affidavits idences the betrayal of their indignation against the Manager arising out their unemployment. They ventured to implicate the Mill Manager th the public woman Pairi Tali although Somraj did not venture to go far up to now. The statement of Thakur Prosad in court is also to the ect that "I made affidavit when I found that we assaulted the persons d the other man (meaning Somraj) was losing his job." He and Thakur osad both stated that as they assaulted they came to court to make an mission, but this is too unreliable. I agree with the contention of Mr. aitra for the Company that they came to make a false affidavit in order to ve their companion either on account of outside influence or in order to tisfy their grudge against the company. Both of the views are possible. he occurrence took place on 31st January 1951 and the affidavit was made June 19, 1952. Much water has passed in the mean time and no nportance can be attached to such affidavits. Next if we examine the dividual statement of these witnesses examined on behalf of the Union will be evident that their statements are as widely divergent as the tements made by Somraj Tanti himself at different points of time. uch discrepancies are characteristics of false and concocted versions. mraj said in Court that Pairi Tali caught hold of him and Mahabir and hers assaulted him. But in the cross-examination he said that he was tting at the door when suddenly Thakur Prosad came and assaulted him. his falsifies the story that he with other persons made a protest. Regarding the other persons who made protest the Company was never vindictive nd consequently there is no reason why the Company would be vindictive gainst Somraj. Trinath, on the other hand, said that Mahabir Sardar ought a *lathi* and took him and Thakur Prosad along with him and ahabir Sardar beat them. He did not say that Pairi Tali caught hold of mraj. P. W. 3 Potia, on the other hand, said that Mahabir Sardar, rinath, Badal, Pairi Tali, Espanadham all assaulted Somraj. His statement shows that his presence on the occasion is altogether a myth. He had to admit that he resides in the Cooly Line at the Waverly Mill but he wants to say that he comes to this Cooly Line to take his meal and on that particular occasion he was waiting there after having already taken his meal. cannot swallow the bitter pill and I am of opinion that he was not at

all there. P. W. 4 Thakur Prosad did not give any detail about the assault but I have said that he is not a reliable witness. P. W. 5 also significantly abstained from going into details. He said that he heard a *halla* and saw four persons beating some person. This may support the case of the Company as also of the Union. So his evidence is worthless. He says that he has a quarter in the Line but admits that it is not in his name. The Company challenged his statement and he at once admitted that the quarter is not in his name. I do not believe quarter No. 35 in his or that he has any connection with it or that he saw the occurrence in the line. On the other hand, on the side of the Company there is the statement of the Manager and the Labour Officer regarding the reports which they got from Trinath and Thakur Prosad and other workers and the Line Sardar. My conclusion regarding them as I have already pointed out that there is no reason to disbelieve them. The fact also remains that the Manager saw injuries in the eyes of Thakur Prosad and the medical certificate was obtained by him to the effect that Thakur Prosad and Trinath were assaulted. On the other hand, it was said by the other side that Somraj was beaten severely on the body but he was never medically treated and no medical certificate was filed anywhere. The Company examined the Line Jamadar whose duty it is to move about in the Line. He said that Somraj is in the habit of drinking and abusing and creating disturbance in the Line thereafter and he was doing so this time also. Thakur Prosad and Trinath requested him not to abuse and so he threw fists at them and when they in their turn opposed he threw pepper powder to their eyes. O.P.W. 2 Nag Narayan is an elected member of the Works Committee. He corroborates the version that Somraj makes such *halla* in drunken state very often and he did so this time also. He also saw Somraj thrown fists at Thakur Prosad and Trinath. The learned Advocate for the Union pointed out that there were fists thrown from either side but this is only natural. I cannot draw the inference from it, in view of the overwhelming evidence on record to the contrary, that it was Trinath and Thakur Prosad who assaulted Somraj. He also corroborated the throwing of pepper powder in the eyes of Thakur Prosad. He also said that warnings were previously imparted on Somraj by Labour Officer, Manager and Line Sardar on similar other occasions. The Manager and the Labour Officer corroborated this. Two of such warnings were found noted in his service record. It was contended that this was manipulated by the Labour Officer and this is why warning on the 27th came after warning on 29th in the record. But Labour Officer said that this was a clerical mistake and I am prepared to believe him. O.P.W. 3 Bulan Sardar also saw the quarrel with his own eyes. The learned Advocate for the Union did not venture to suggest him that it was Thakur Prosad and Trinath who assaulted Somraj. Over and above this we have the documentary evidence before me namely, the charge-sheet. I am satisfied that it was prepared on 1st February 1951 morning. The figure 2 was written in bold but I have no reason to suspect that this was due to antedating, because I cannot disbelieve the Manager and the Labour Officer both on this point. The Manager says that the offence was serious and so he gave a hearing to the workmen when they made a complaint and he also directed the Labour Officer to hold an enquiry and on getting his report he directed him to issue charge-sheet. The charge-sheet was issued on 1st but as Somraj was absent it could not be served on him till on the next date. O.P.W. 3 member of the Works Committee of the General Department in which Somraj works corroborated that on 2nd this was served on Somraj but he refused to accept it. Somraj's denial on the point is faltering and not reliable. I hold that charge-sheet was duly served but admittedly no explanation was given. The Manager according to law was thereafter bound to hold an enquiry which he did and he was convinced that this was

hould be dismissed and so he finally dismissed him. The requirements f the law have been all complied with. This is a case of misconduct under ule 14(*c*)(*c*)(*iii*) of the certified standing orders of the mills and the offence s of a serious nature. To add to it the attitude taken by the workers is nore serious and is subversive to the mill discipline. He admittedly grew nsolent after the service of the notice and thereafter went on making vile llegations against Manager and Labour Officer without at any time ppreciating the consequences of such statements. There is no equity in is favour and as pointed out in the case of Buckingham Carnatic Mills Co., td., this court will not interfere with the decision of the Manager unless t comes within one of the four clauses mentioned therein. In my opinion he present case does not come within any one of the 4 clauses and so this ourt is not prepared to interfere with the Manager's order. I am also not noved by any equity to Award compensation to workmen on account of lismissal.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Khaitan Sons & Co. (Fibre), Ltd., 14/1, Kali Prasanna Sinha Road, Cossipore, Calcutta and their workmen as represented by Calcutta Porters' Union, 1, Joy Bhattacharjee Lane, Calcutta-3.

SHRI S. K. NIYOGI, *District Judge, Judge, Sixth Industrial Tribunal.*

Present for the Union: Shri Panchanan Bhattacharya, Secretary, Calcutta Porters' Union.

Present for the Company: Mr. P. Choreria, Director of the Company.

AWARD.

The Government of West Bengal, in the Department of Labour, by Order No. 2001Dis./D/11L-168/52, dated the 28th July 1952, referred the industrial dispute as abovementioned to me, constituted the Sixth Industrial Tribunal, for adjudication under section 10 of the Industrial Disputes Act, 1947. The matters for adjudication as specified in the schedule to the Order of Reference are as follows:—

Schedule.

1. Whether the Company is justified in reducing the rate of wages of the workers (time rated and piece rates)? To what rate they are entitled.

After notices were issued to the parties, the Union and the Company filed their respective written statements on 22nd August 1952 and 22nd October 1952, respectively. On 6th February 1953, which was fixed for hearing, both parties appeared and filed a joint petition of compromise with a memorandum of agreement in which the terms of settlement were set out with a prayer for incorporation of the same in the award to be made. Since the dispute has been amicably settled, I need not state the facts relating to the dispute. The compromise covers not only the issue referred for adjudication but also the matter in dispute arising out of an application filed by several workers under section 33A of the Industrial Disputes Act. The terms of settlement are in my opinion fair and I accept the compromise. Accordingly, I make my award in accordance with the terms of settlement which will form part of the award as Annexure A thereto.

The Cost of Living Index in Darjeeling has come down to 96 in January from 98 in December 1952. This is due to fall of prices in Food, Fuel and Lighting and Miscellaneous groups.

In Terai also the Index has fallen by 2 points from 92 in December to 90 in January. The reason is the same as in Darjeeling.

In Dooars, however, the Index has gone up by 3 points from 94 in December 1952 to 97 in January. The rise is due to rise in prices of articles in Food, Fuel and Lighting and Clothing groups. The Miscellaneous group remained constant.

ndustrial dispute between Messrs. Albert David, Ltd., 15, Chittaranjan Avenue, Calcutta, and their workmen represented by Albert David Workers' Union, 4, Elgin Road, Calcutta, referred to under Government order No. 150Dis./D/11L-15/52, dated 21st January 1952 and under Government order No. 1826Dis./D/11L-15/52, dated 7th July 1952.

EFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

HRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

or the Union : Shri Sadhan Das Gupta, Bar.-at-Law.

or the Company : Shri N. M. Das Gupta, Pleader.

By Government order No. 150Dis./D/11L-15/52, dated 21st January 52, the above dispute was referred to my predecessor Shri M. C. Banerji. he Union filed written statement on 22nd February 1952 and the Company led written statement on 10th March 1952. The services of my predeces- r not being available the said dispute was later referred to me by Govern- ent order No. 1826Dis./D/11L-15/52, dated 7th July 1952.

The case was taken up for hearing on 8th September 1952. I inspected e factory on 23rd October 1952. The issues framed by this Court were the me and those referred to this Tribunal for decision and they are as llows:—

(1) Dearness allowance.

(2) Bonus.

(3) Standing Orders.

(4) Festival holidays.

(5) Whether there should be a revision of wage structure fixing basic wage at Rs. 27-8 and dearness allowance at Rs. 27-8.

(6) Whether in consideration of total emoluments, tiffin allowance should be discontinued and abolished.

(7) Whether grade system should be abolished in the Company.

(8) Whether automatic annual increment should be abolished in the Company.

(9) Whether non-payment of annual increment in 1951 was justified If not, to what relief the men are entitled?

The case for the Union is that the above Company is a reputed Pharmaceutical Firm engaged in manufacturing drugs and chemicals with a Factory at 5/11, D. Gupta Lane, Dum Dum; a Glass Blowing Department for manufacturing ampoules at 29/1, Doctor's Lane, Taltala; and its Head Office at 15, Chittaranjan Avenue, Calcutta, employing 600 workmen and subordinate staff in all the three establishments mentioned above. These workmen also formed a Union in 1946 and the grievances of the employees took concrete shape. The disputes, brought in 1950 culminating in an adjudication by the Tribunal consisting of Shri M. C. Banerji as Chairman, were settled by an award, dated 24th July 1950. Since then the Company has been taking offensives against the employees and their Unions as a result there was a strike and this again culminated in an award under section 33A in January 1951. After that the Company reinforced its offensives by changing the working hours. It also failed to make good its promise to revise the dearness allowance. As negotiations failed in August 1951 the Union submitted a charter of demand to the Company. This was retaliated by the Company by refusing the usual increment of 1951. These grievances later on formed the subject of conciliation before the Department of Labour which proved abortive but it resulted in the present reference on the joint request for the Tribunal both by the Union as well as the Company. Of the issues mentioned in the Schedule to the Reference, those numbering 5 to 10 were put in at the request of the Company and those numbering 1 to 4 were put in at the request of the Union. The Union claims a revision of dearness allowance and the bonus as a condition of service, revision of the service condition and also pressed for formulation of the festival holidays. With regard to issues framed by the Company the Union contends that the existing wage structure providing for graded scales of pay and annual increment and tiffin allowance provided by the award, however, inadequate are the only solace to the employees at the present moment and they have worked with success and should be retained, that the non-payment of annual increment of 1951 is wholly unjustified and it should be restored.

The Company's case, on the other hand, is that issues Nos. 1 to 4 raised by the Union are all covered by the last award and inasmuch as the award regarding those issues have not been terminated according to the provision of this Act, this Tribunal has no jurisdiction to adjudicate those issues in this case. The Comapny also contended that at any rate there is no justification for raising the dearness allowance on the existing cost of living index and the capacity of the industry to pay, as the same have not undergone any change since the time of the award, that the bonus can never be a service condition, that the Standing Orders are adequate. Regarding the festival holidays the Company reiterated that it is agreeable to fix the occasions on which the holidays may be given as fixed by the last Tribunal.

Lastly, the Company contended that the existing pay and other amenities available to the workmen are placed at so high a level that it has made impossible for the Management to run the Company on an economic basis. Hence to save the Company from a collapse, its existing grade system and automatic annual increment should be abolished and in consideration of the

otal emoluments the tiffin allowance should henceforth be discontinued, and s wage structure should be revised, that 50 per cent. of the total emolument present pay and dearness allowance should be treated as reasonable basic ay and the remaining 50 per cent. should be treated as dearness allowance, hat in consideration of the financial condition non-payment of annual increment of 1951 was justified, and that the workers are not entitled to any relief n that score.

AWARD.

I will first discuss the question whether this Tribunal has jurisdiction to ecide issues Nos. 1 to 4 raised by the Union in the face of the decision of he last award.

As regards bonus the issue in the previous case was confined to bonus for 1949 but here the general issue is whether bonus would be a condition of ervice So the issues are not the same.

As regards Standing Orders no decision was made in the previous award s no definite claim was formulated. So there is no bar to adjudicate on the laims formulated in the present case.

As regards festival holidays there was no issue.

As regards dearness allowance this was a precise issue in that case. ection 19, clause (*3*), fixes the period of operation of one year for an award. lause (*6*) of this section enjoins that notwithstanding the expiry of the eriod of operation under clause (*3*) the award shall continue to be binding to he parties until a period of two months has elapsed from the date on which he notices are given by any party bound by the award to the other party r parties intimating its intention to terminate the award. The section does ot require any written intimation. P.W. 1 has stated that he gave verbal ntimation to the Company about his intention to terminate the award. But hat is not all. The charter of demand, dated 25th September 1951, clearly nentions as follows:—"That your attention is drawn to the fact that the luration of the operative period of the award of the last Tribunal expired n July 24, 1951, taking this fact into consideration my Committee consilered and pressed certain demands of the workers which I now place before ou for your kind consideration." This, in my opinion, tantamounts to a otice as contemplated by clause (*vi*) of section 19 of the Industrial Disputes ct The notice clearly states that duration of the operative period of the ast award expired on 24th July 1951 and taking this fact into consideration he Union submits a charter of demand just two months after the expiry of his period of operation. The award is allowed to remain in operation for he maximum period of 14 months and consequently this was a valid notice f demand and the effect of this will be to terminate the effect of the last ward with regard to those issues and consequently this Tribunal has jurisiction to try the said issues. It is, however, to be noted that in onnection with an earlier reference, dated January 1948, certain contracts ere entered into by the parties covering the aforesaid issues Nos. 1 to 4 nd an award was made by that Tribunal in accordance with the terms of ettlement and this award was enforced by Government notification o. 3642Lab., dated 4th October 1948. With regard to such agreements t has been observed by the Hon'ble Labour Appellate Tribunal in the case f Vishnu Sugar Mill, Ltd., reported in 1952, Labour Law Journal, October ssue, page 481, as follows:—"We may go further and say that an agreement rrived at in the course of conciliation proceeding stands on a higher footng than any other agreement and the plain provisions of the law is that it annot be modified by a Tribunal or an Adjudicator or any other Authority fter the settlement becomes enforceable under the law". On the other

hand, we will also bear in mind the observations of Justice Divatia wit regard to the effect of the previous award, viz., "While, therefore, th powers of the Tribunal are unfettered it should not ordinarily in my vie depart from a previous decision arrived at between the same parties unle there is some material change in circumstances, and some good or coge reasons are shown why the previous decision should be disturbed." In th light of those observations we shall next proceed to discuss the issues state above.

Issue No. 1.—Dearness allowance.—A reference to the contract arrive at between the parties in 1948, which is annexed with the award of 195 will show that a revision of dearness allowance is permissible as per contra only in view of the financial position of the Company if there is an increa in the cost of living. In October 1948, the cost of living index for th middle class was 364 and that for the working class was 384·3. In Augu 1950 when the last award was made these figures were respectively 366· and 378·1. The learned Court discussed the balance-sheets of the Compan for the years ending 31st October 1945 to the year 31st October 1948 an observed that no doubt in the year 31st October 1948 the Company earne a net profit of 1 lakh 38 thousand but as much as 97 thousand and odd of th amount was utilised to make up the losses of the two preceding years. O this back ground the learned Court held that no revision of dearness allow ance was, therefore, justified as there was no increase in the cost of livin index since the date when the award on the basis of the agreement in 194 was made. Before me the Company has not been able to produce the balance sheets for the subsequent years but the charts Nos. 2 and 3 furnished b the Company will go to show that in 1949 the Company's loss may b estimated to be 1 lakh 75 thousand and in 1950 the estimated profit ma amount to 1 lakh 50 thousand. Of course these figures have not bee supported by production of the account books but it was argued that th Union was allowed inspection of the account books of the Company but the have not declared these figures as false. No doubt this is true but still n implicit reliance can really be placed on these figures in absence of th accounts books being produced in Court. At any rate, it is at the same tim evident that the Company has no reserve fund and it has not been able t declare any dividend to ordinary shareholders up till the present time Taking this as the back ground I have to examine whether there has bee again a rise in the figure of cost of living index at the time of this award It appears from our office records that the cost of living index for middl class with regard to February is 337·1 and that for menial working clas for February is 349·7. So there has been definitely a fall in the figure o the cost of living index and consequently in view of the agreement o parties and the decision of the previous award the dearness allowanc cannot be reviewed in the present circumstances. In this connection it ma be noticed further that the basic wages of this Company compares favourabl with the basic wages of the other sister concerns in this region. In thi Company the basic minimum wages is Rs. 36, whereas the Appellat Tribunal in the Bengal Chemical Case had fixed the basic wages at Rs. 28 The Company also pays Rs. 5 as tiffin allowance per month per full work ing day and also a tiffin allowance at the Head Office at the rate of Rs. per month. So the total emolument granted by this Company does not als justify a rise of the dearness allowance when compared regionwise with othe sister concerns.

Issue No. 2.—Bonus.—The Union claimed that bonus should be a ser-ic condition. It has been held by the Hon'ble Appellate Tribunal in the case of Calcutta Electric Manufacturing Co., Ltd., Labour Law Journal, 1952, September Issue, page 324, that "the theory regarding bonus has undergone

nge from time to time. At present moment in industrial world it is erstood to be a payment made by the industry to the employees to plement the earnings of the workmen whose wage has not reached the ıdard of living wages and this payment is made out of profit." In the ient case I have pointed out the existing wages and dearness allowance pare favourably with other sister concerns when considered regionwise. the face of such a scale the claim for bonus cannot be treated as service lition, but it must be dependent upon profit. With this it is to be n into consideration the fact that the claim for bonus for 1947 to 1949 also rejected by the last Tribunal by taking into consideration the re set of facts including profits. In the circumstances I am unable to l that bonus can be treated as condition of service with regard to this npany.

Issue No. 3.—Standing orders.—The points specifically raised in con-tion with this issue are as follows:—

(1) *Confirmation period of probationers.*—According to the Company's condition of service as indicated in the Standing Orders, probationers are confirmed after completing 6 months' satisfactory service. Union has claimed that this period should be reduced to three months. The Union in support of this has filed certain statements regarding the practice in other companies but these statements cannot be relied upon as they are incorrect. It, however, appears that the Standing Orders of the Bengal Chemical as also the practice as indicated in the award of the Lister Antiseptic and Dressing Company show that the period of confirmation in those companies is six months. In the circumstances this Tribunal has no reason to alter the Standing Order which has been in existence in the Company and has been working satisfactorily so long. The Union has failed to show why a different treatment should be meted out to the workers of this Company. Consequently their claim on this point stands **rejected.**

The next point raised is as regards searching at the gate. The Standing ler of the Bengal Chemical and other companies show searching at the e is the usual practice. I think the workers should not insist on search-at the door of the factory departments instead of at the main gate and s subject themselves to criticism. The best way to avoid all criticism is allow searching at the main gate. At the time of local inspection my ention was drawn to the fact that the main gate of the factory is exposed the adjoining houses. I would under the circumstances recommend that ne sort of shed be put up to avoid the workers from being exposed to ookers of the neighbouring houses at the time of search.

The next point pressed by the clerks is as regards some relaxation in the irs of attendance. The Union claims 15 minutes' grace period. In this nection I cannot do better than quoting the observations of the Tribunal the award of Walford Transport, Ltd., published in the *Calcutta Gazette* 6th December 1951 which are as follows:—

"I cannot appreciate how a fault or unreasonable habit can be characterised as a condition of service....."

I accept the point or view put forward by the employer with regard to this matter of grace period of late coming and too much leniency would, in my opinion, amount to putting premium on a bad habit of being unpunctual.

e Union has not been able to convince me by any argument why the

Standing Order on this point should be changed and why different trea ments should be meted out to the workers of this Union than that of th sister concerns. The existing working hours of the Company is 41½ hou and by that working the Company has not been able to guarantee an annual profit or to increase its reserve. Taking into consideration the enti circumstances I do not consider it necessary to change the rules as regar late coming as provided in the Standing Orders.

Issue No. 4.—Festival holidays.—The festival holidays have been agre by means of contract as per Appendix A of the 1949 award. As stated b the Hon'ble Labour Appellate Tribunal in the Vishnu Sugar Mill Case th contract cannot be lightly altered. In view of the financial condition the Company and its present working hours a further increase of the festiv holidays would deal a serious blow to the financial condition of the Com pany. The total number of leave and holidays granted by this Company fixed by the agreement compares favourably with the leave and holidays the other sister concerns. This Company cannot expect that the leave an holidays granted to Bengal Chemical should be adopted by this Company The Bengal Chemical and Pharmaceutical Works has a big financi resources and a large amount of annual sale. The present Company cann afford to grant further holidays when it has not yet been able to create an reserve or to declare any dividend to the ordinary shareholders. The Com pany, however, contended that the National holidays should not be observe by this Company but in respect to the national cause at least one day National holiday should be observed and it should be included within th seven days' festival holidays. These holidays should be fixed by the Com pany in consultation with the Union in the beginning of the year and shou be duly notified.

Issue No. 5.—Whether there should be a revision of wage structur fixing basic wage at Rs. 27-8 and dearness allowance at Rs. 27-8.—Th Company is at present giving Rs. 36 as basic pay and Rs. 19 as dearne allowance. By this the employees are getting an advantage of Rs. 2-4 p month on account of Provident Fund contribution for the worker who w drawing the lowest pay. A change of the basic pay would have the effe of lowering this amount of employer's contribution and a consequent lo to the workers. The wage scale and the dearness allowance were workin satisfactorily for a long time and I do not see any reason why it should b altered as it may result in disturbance of industrial peace.

Issue No. 6.—Whether in consideration of total emoluments, tiff allowance should be discontinued and abolished.— The total emolume granted by this Company as discussed above including tiffin allowan compares favourably with the minimum wage granted by other companie In the circumstances, discontinuance of tiffin allowance will result in consequent lowering of the starting pay which will upset the entire wag scale. The practice of giving tiffin allowance was working satisfactori and the workers had been used to it. It will be creating discontent among them if the tiffin allowance is stopped. So I am not in favour of disco tinuance of tiffin allowance.

Issue Nos. 7, 8 and 9.—Whether grade system should be abolished the Company. Whether automatic annual increment should be abolished the Company. Whether non-payment of annual increment in 1951 w justified.—These three issues may be considered together. The grad system has been introduced into this Company long ago by mutual agree ment so far back as in 1948 and it has become a part of the service cond tion of the workers who become used to get such payment. The only argu ment in favour of the Company to abolish the grade system and th automatic annual increment is that this is necessary for the purpose o

ng the industry on an economic basis and to compete with the condi- of the market. Company has not been able to show if cost of produc- has unreasonably increased. On the other hand, I understand that in us departments the output of work of the workers are checked by a basis. The learned Advocate for the Company drew my attention to ward of Shri A. Das Gupta in the Titaghur Paper Mills Case but that was a case of introducing a grade system. There was also an alternate m of piece-rate suggested by the Company. But in this case the grade m has been working satisfactorily for a long time and no satisfactory ate system has been suggested to replace it. If such a system would been suggested it would have been necessary to see whether the in- ction of the same would lead to consequent loss to the workers. This t be left to the hand of the Company to introduce any and every m of piece-rate working which may have the effect of bringing in a f earning to the workers. The grade system and the automatic annual ment have become conditions of service and they have been working actorily since a long time. To abolish this will mean fomenting of a ntent amongst the workers. The Company has not been able to make case of continual loss on account of rise of cost of production. The ion of stoppage of annual increment was recently considered in the of Air India, Ltd., and their workmen, Labour Law Journal, 1952, 454, as also in the case of Ganesh Flour Mills, Ltd., Labour Law nal, 1952, April, page 324. In the former case Tribunal referred to the ition of service of the employees, and noticed that in the case of this pany the granting of increment was by agreement subject to the discre- of the Company and therefore held that stoppage of increment was fied in view of the financial condition of the Company. Again in the case the Tribunal held that although incremental scale of wages had fixed by the Company, yet having regard to the fact that increments been given in the past, it may be inferred that annual increments were d upon as being a condition of service, the Tribunal accordingly upheld award of increment for the year 1948-49. The trend of decision will that where the grade system with the automatic annual increment is rvice condition it cannot be abolished unless some alternative system h can suitably be employed to replace it is suggested and in the same when the annual increment had become a service condition, the Com- was not justified in withholding the increment of 1951 and the same ld be restored. The amount due on account of the arrears should be ble within one month from the date of enforcement of the award. In connection the decision of the Labour Appellate Tribunal in the case anpur Omnibus Service, Ltd., reported in Labour Law Journal, 1953, ary, at page 47, may be cited with advantage. In that case the unal held that the increments fixed by an earlier award were enforced subsequent award and also voluntarily thereafter by the Company and e the right to increment being thus established it must enure for future ell unless the Company gets rid of the effect of the award by recourse ppropriate proceedings. As a result of the discussion above I come to conclusion that all the three issues should be decided against the Com- and the arrears due on account of increment should be made payable bove.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Dispu Act filed by Shri Sukumar Bhattacharjee, a workman of Khardah J Mill in connection with Government order No. 3235Dis./D/7L-7(A) dated 21st November 1952.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retd.), Judge, First Industr Tribunal.*

For the complainant: Shri Phani Ghose, Secretary, Jute Worke Federation.

For the Company: Shri R. L. Moitra, Deputy Labour Adviser, I.J.M.

AWARD.

The Government of West Bengal, in the Department of Labour, order No. 3235Dis./D/7L-7(A)/52, dated the 21st November 1952, refer the industrial dispute between (1) Bally Jute Mills, Bally, Howrah, Baranagar Jute Mills, Alambazar, Calcutta, and (3) Khardah Jute Mi Titaghur, 24-Parganas, and their "Sangras", represented by the Bally J Mills Workers' Union, Hapta Bazar, Bally, Howrah, Jute Worke Federation, 35B, Wellington Street, Calcutta, Khardah Jute Mill Mazd Union, Khardah, 24-Parganas, and National Union of Jute Workers, 59 Chowringhee Road, Calcutta, regarding some matters specified in a sc ed to this Tribunal for adjudication. Proceeding before the Tribunal in r pect of this reference is still pending.

On 16th December 1952 one Sukumar Bhattacharjee, a Tally Clerk loyed in the Khardah Jute Mills, applied under section 33A of the ustrial Disputes Act stating that on 28th November 1952, he was charged incorrect weighing of bundles of cop as on 27th November 1952 it was ged to have been found in the stores some bundles of 32½ and 33 lbs. instead of 33½ lbs. It is further stated that the petitioner had been ged under rule 14(*c*)(*ix*) for habitual negligence of work, and was ussed in spite of the fact that the proceeding before the Tribunal in ect of the Sangras of the Mill was pending. The petitioner, therefore, s that he should be reinstated to his post and be paid all his wages for period of his non-employment.

The Company, in its written statement, states that the application is conceived and is not maintainable in law, that the petitioner is a clerk not a Sangra, and as such, he is not a workman concerned in the dispute ling before the Tribunal and that the application under section 33A of Industrial Disputes Act is not, therefore, competent. The Company stated that the clerk had not been dismissed, as alleged by the Union, was only under suspension pending enquiry into certain misconduct for h he had been served with a charge-sheet.

The learned representative of the Company raised the preliminary ction that inasmuch as the applicant, Sukumar Bhattacharjee, Clerk, not an employee who was concerned in the industrial dispute pending re the Tribunal, his dismissal, even if it were a fact, would not be hit section 33 of the Act. As has been stated above, the proceeding pending re the Tribunal by Order of Reference No. 3235Dis/D/7L-7(A)/52, d 21st November 1952, is between the Khardah Jute Mill, Titaghur, Pargauas, and two other Mills and their "Sangras', regarding e matters specified in a schedule to the Order of Reference. The gras are workmen employed in the Jute Handling Department for the sfer of jute bales from one place to another. The dispute obviously not concern a Clerk, or a Tally Clerk in the Sack-Cop Winding Department that the applicant was. Shri Phani Ghose, Joint Secretary of the Workers' Federation, who represented Sukumar Bhattacharjee in this argued before me that the Order of Reference was wrongly worded the dispute really was between the Company and all the workmen over matter of the Sangras and that, inasmuch as, the Industrial Disputes was enacted for the express purpose of maintenance of industrial peace, present application of Sukumar Bhattacharjee should be considered to competent under section 33A of the Industrial Disputes Act. Giving anxious consideration on the matter, I am of opinion that Shri Sukumar ttacharjee, Tally Clerk, is not a workman concerned in the dispute red by the Order of Reference No. 3235Dis./D/7L-7(A)/52, dated 21st ember 1952, and that the preliminary objection of the Company should ail. The application under section 33A of the Industrial Disputes Act Shri Sukumar Bhattacharjee is, therefore, rejected as incompetent.
